#### Council President:

We are seeking permission to hold a "Walk for the Poor" on Saturday, September 28, 2013. The walk is sponsored by the local Society of St. Vincent de Paul that helps anyone in the local area who finds themself in immediate financial need. We supply help such as: food cards, gas cards, assistance with rent & utility bills, finding shelter for suddenly homeless people. There are many people in our area that are in desperate need of assistance. We do our best to help those who seek our assistance. We raise money through events such as this and private donations. The need is great and the resources are few. The walk will begin at 9:00 am and end about 11:00 am. There should be no more than 200 walkers probably less.

The route is 4K or 2.5 miles as follows:

Start in IC parking lot; up Court St.; turn right on High St., to Broad St.; take right on Broad down to Merrimac; take right on Merrimac St. to State St.; up State; take right on High St; then turn right on Green St. to Washington St.; take Left on Washington St.; back to IC parking lot.

Thank you for your consideration in this matter.

JULY 10th 2013

Mr. Richard G Jones, Newburyport City Council City Hall 60 Pleasant St. Newburyport, MA 01950

Dear Sir,

The Knights of Columbus Council 231 of Newburyport respectfully requests permission to conduct its annual Tootsie Roll fund raiser (Tootsie Roll Drive) on Saturday, October 12<sup>th</sup> 2013 at the intersection of State Street and High Street from 8:00 a.m. to 2.00 p.m...In case of inclement weather, the Knights of Columbus also request permission to conduct this fund raiser on the following weekend, October 19<sup>th</sup> as an alternative date.

The Knights has held this event at this intersection for many years and the location is critical for its success. The funds raised are directed to help children with physical and mental challenges.

If you have any questions or there is a problem with the requested dates, please contact me at 978 462 3652. The Knights of Columbus would like to thank you and the other members of the City Council in advance for your continued support of this worthwhile event.

Sincerely,

DPW-To whom it may concern,

I would like to have a loading zone designated by painted lines and no parking signs placed in front of our loading dock and dumpster located behind our building on Liberty St. Cars routinely park in front of our dumpster hindering removal of trash and delivery of products to our loading area, as large trucks cannot back in if a car is parked in front of our dumpster (the angle is too tight). Please let me know if and when this can be done, with Yankee Homecoming only a week away it would be nice to get our trash removed and deliveries in a timely manner. Please feel free to call me with any questions, my cell phone number is 978-407-2694.

Thank You,

William Nichelmann, G.M.

Thomas O'Brien, President City Council City of Newburyport 60 Pleasant Street Newburyport, Massachusetts 01950

RE:

Application for Food Establishment Outdoor Seating

56 State Street / Atomic Café

Dear President O'Brien and Members of the City Council;

Reference is made to the above captioned matter. In that connection, I represent Atomic Coffee Company of Newburyport, LLC relative to the enclosed application for a Food Establishment Outdoor Seating Permit. The applicant has entered into a lease agreement for the premises located at 56 State Street, (the "Premises"), where they intend to operate a café serving food, wine, local, and craft beers, coffee, and other non-alcoholic beverages. Atomic Coffee Company of Newburyport, LLC is leasing the Premises from Eastern Yacht Sales & Charters, Inc. The agreement notes that the use of the premises will be that of a restaurant/coffee, beer, and wine bar, and for the retail sale of foods and beverages and related items.

#### **Background**

The Atomic Coffee Company of Newburyport, LLC was formed by Andrew Mahoney, John Mahoney, and Mike Vien. The Mahoney brothers have owned and operated the Atomic Café in Beverly, MA, for seventeen (17) years and the Atomic Café in Marblehead for seven (7) years. From 2002 to 2006, both Andrew and John also operated McSwiggin's Pub and Restaurant in Salem, MA, where operations included an interest in a license to sell alcoholic beverages. Andrew Mahoney will be managing this Café.

A simple survey of the communities in which the Atomic Café operates will reveal that the company provides a professional, well respected and popular enterprise. Currently the company employs approximately twenty four individuals between its roasting business and cafes.

The owners are excited about the prospect of opening a Café in Newburyport and will surely add to the City's popularity as a food and drink destination. With that in mind, the

hours of operation are proposed to be 7:00 a.m. -10:00 p.m. Monday through Saturday and 7:00 a.m. through 7:00 p.m. on Sunday.

The Premises is located in the B2 zoning district, situated between The Book Rack and Agave and consists of approximately 2,509 square feet, with approximately 2,186 square feet dedicated to service space of which there are 1,482 square feet of indoor space and 323 square feet of outdoor restaurant space.

#### **Outdoor Seating Requirements:**

The Café will include 66 seats consisting of café tables and booths as well as proposed outdoor seating. There will be 42 seats inside the Café and a proposed 24 seats are being proposed for outdoor seating. The Applicant has submitted its application for a malt and wine license as well as a Common Victualler license which will be heard on August 13, 2013.

All outdoor seating will be controlled/demarcated as required by the City Council rules with separations of a stanchion and rail system with fabric skirting. As you can see on the plan there is a 5.6 foot passage way for pedestrian clearance on the sidewalk and nearby amenities. You will note on the plan, there is no interference with the doorways, fire escapes or curbing.

The applicant will take full responsibility for the out door seating, tables and separators and at all times keep in good repair and out of the public way. The applicant understands its responsibility to secure the seating and tables at night and to assure their availability during business hours. All seating will comply with local, state and federal laws.

Once approved and prior to the issuance of the permit, the Applicant will provide to the City evidence of liability insurance as required by the City Council Requirements.

The Applicant looks forward to presenting their plans to the License and Permits Committee in person at the next Committee meeting. Should you require further information, please let me know.

Respectfully submitted,

Atomic Café Company of Newburyport LLC

Lisa L. Mead

Intermunicipal Agreement for Veterans' Services

Attached is an intermunicipal agreement for the regional delivery of veterans' services under Massachusetts General Law Chapter 40 Section 4A. After meeting with officials from Newbury, Merrimac, Amesbury, and Salisbury for the past several months, we have reached consensus on implementing this regional approach.

Since 2010, MGL Chapter 115 Section 10 has provided a mechanism that allows municipalities to form a regional veterans' district. However, the statutory language specifies that the district shall be comprised of *one* city and surrounding towns. Accordingly, we must initiate a Home Rule Petition to allow the two cities (Amesbury and Newburyport) to participate in this newly proposed Hines/Shay Veterans' District. A combined population cap of 50,000 for the two cities has been incorporated into the Petition to alleviate any broader political concerns about the precedent set by allowing two cities to participate in a district.

Once the Act is approved by the legislature, the participating communities will then submit an application to the Massachusetts Department of Veterans' Services seeking formal recognition as a regional veterans' district. Before that application is submitted, the City Council will have to approve a different, slightly revised intermunicipal agreement that is more closely aligned with the statutory provisions of Chapter 115.

In the meantime, Newburyport will be the lead community under this interim arrangement, with Kevin Hunt fulfilling all duties as the Veterans Service Officer. Each community will pay an apportionment based on the population of the municipality as of the 2010 federal census. Although it will be pro-rated for FY14, the annual expense (exempting Chapter 115 veterans benefits) for Newburyport to participate in this regional agreement will be

\$37,781.12. By way of comparison, the City Council appropriated \$52,523 in the FY14 Operating Budget for the veterans' service line items that will be covered under this regional agreement. Accordingly, the City is projected to save approximately \$15,000 annually by formally joining with these other municipalities in providing these services. This funding schedule will remain the same once the district has been approved.

It is important to note that Mr. Hunt has been performing these services on behalf of Newbury and Merrimac for several years. He has also been fulfilling these duties for Amesbury on an interim basis since their VSO resigned earlier this year. Approving this agreement will allow the City to hire a part-time position (less than 20 hours per week) to help Mr. Hunt with much needed clerical and administrative support. This additional personnel is required to meet minimum staffing standards established by the Commonwealth around this regional districting option. Funding for this position has been included in the assessment schedule.

Mr. Hunt will split his time between Newburyport City Hall and the Costello Center in Amesbury. Under the interim intermunicipal agreement, Mr. Hunt and his administrative assistant will be City of Newburyport employees. Once the district is approved, all personnel will be employees of that district.

# VETERANS' SERVICES INTERMUNICIPAL AGREEMENT

Subject:

Intermunicipal Agreement with West Newbury for Animal Control Services

Attached is an intermunicipal agreement with the Town of West Newbury for animal control services. Newburyport will be the lead community under this arrangement. The West Newbury Board of Selectman has recently approved the terms of this agreement. It includes an initial one year term, with options to extend out for two additional one year periods.

As you may remember, \$20,000 was added to the FY14 budget on the revenue side under Other Department Revenue based on the projected payments made by West Newbury in anticipation of this agreement. In addition, \$10,000 was added to the Health Department Budget under the Assistant Animal Control line item to cover the costs associated with bringing on additional personnel to provide these services to both communities. Accordingly, the City will save approximately \$10,000 annually employing this regional approach to animal control services. We will also recoup any boarding fees when West Newbury animals are housed in our Animal Shelter and will have access to their Animal Control vehicle, a 2005 Ford Van with less than 10,000 miles on it.

While cost savings are a motivating factor in deciding to regionalize any municipal service, maintaining or improving the quality and delivery of those services is equally important. We believe that this regional effort will provide those results. In order to do so, based on our assessment of the workload, we plan on hiring a part-time, on-call Animal Control Officer who will cover both communities when our current Animal Control Officer is out for vacation, sick, personal, bereavement, etc. or is indisposed responding to another incident. The current stipended, on-call position that is responsible for responding to emergencies every other weekend will remain in place under this regional agreement. Both individuals currently holding these positions have been certified through the Massachusetts Animal Control Officers Association of Massachusetts. Any new employees will have similar training or will be certified within two years after being hired by the City.

#### CITY OF NEWBURYPORT AND

#### TOWN OF WEST NEWBURY

# INTERMUNICIPAL AGREEMENT FOR THE ADMINSTRATION OF SHARED ANIMAL CONTROL SERVICES

#### Article 1. Purpose

This agreement is entered into, pursuant to Massachusetts General Laws Chapter 40, Section 4A, by and between the City of Newburyport, as authorized by its City Council and approved by its Mayor, and the Town of West Newbury, as authorized by its Board of Selectmen.

WHEREAS, the City of Newburyport and the Town of West Newbury are each obligated to provide animal control services to their residents; and

WHEREAS, the City of Newburyport and the Town of West Newbury have determined that their residents can more efficiently and effectively be served with such services through a joint undertaking between the communities; and,

WHEREAS, the City of Newburyport and the Town of West Newbury have determined to join together to establish and administer a program of shared Animal Control Services.

NOW THEREFORE, in consideration of the mutual covenants and agreements hereinafter contained, the parties agree as follows:

#### **Article 2. Definitions**

Participating Governmental Units: the City of Newburyport and the Town of West Newbury.

Animal Control Services: Any and all services as required of an Animal Control Officer under applicable Massachusetts Laws and regulations, including but not limited to MGL Chapter 140, Section 151 *et seq.* and MGL Chapter 129, Section 15 *et seq.* 

#### Article 3. Term

This Agreement shall take effect on the 1<sup>st</sup> day of July 2013, for a one year term that may be extended by up to two additional one year terms commencing on July 1, 2014 and July 1, 2015. Any such extension term shall be subject to approval by the City of Newburyport, as authorized by its City Council and approved by its Mayor, and the Town of West Newbury, as authorized by its Board of Selectmen. The Participating Governmental Units shall give each other notice of whether or not they wish to extend this initial one year term at least ninety days prior to the annual Town Meeting of the Town of West Newbury but no later than ninety days prior to June 1<sup>st</sup> of the then-current term, unless another date is mutually agreed upon in writing. Should the

parties fail to extend this Agreement by written addendum hereto, the agreement shall terminate upon the last day of the then-current term.

#### **Article 4. Lead City**

The City of Newburyport shall act as the "lead city" for the Participating Governmental Units, by employing the necessary officers and providing the necessary equipment, vehicles and kennel to perform said Animal Control Services. Said officers shall be considered employees of the City of Newburyport and be accorded all applicable benefits enjoyed by other Newburyport municipal employees as they are or shall be established. Each such officer must be a Massachusetts certified Animal Control Officer (excepting that new employees may acquire such certification within two years of the commencement of employment). Said certification must be maintained during the term of this Agreement. The office where such officers shall be primarily located will be in Newburyport.

#### **Article 5. Funding Contribution**

During the Fiscal Year 2014 (July 1, 2013 – June 30, 2014), the Town of West Newbury shall pay the City of Newburyport for animal control services a total sum of \$20,000.00 to be paid in four equal quarterly payments of \$5,000.00 on or before August 1, November 1, February 1, and May 1 (provided that such sum will be prorated as of the date of approval of this Agreement by the Board of Selectmen of the Town of West Newbury and the Mayor of the City of Newburyport). This payment shall include all applicable expenses incurred by the City of Newburyport in providing Animal Control Services on behalf of the Participating Governmental Units, including, but not limited to, salaries, group health insurance, workers' compensation insurance, and all other applicable benefits. Nothing herein shall prevent the parties from mutually agreeing in writing to change the funding contribution during the initial term or any extended term of this agreement, subject to available appropriation.

#### Article 6 Financial Safeguards

Under the provisions of M.G.L. Chapter 40, §4A, the City of Newburyport Director of Public Health shall provide to the Town of Newbury periodic financial statements that shall include: accurate and comprehensive records of the services performed under this agreement; the costs incurred; and the reimbursements and contributions received. Such reports shall be compiled and distributed by the Health Director on a quarterly basis. In addition, all bills and payrolls submitted for work done under this regional agreement shall be plainly marked to indicate that the work was done under the authority of this agreement.

The accounting records of the Newburyport Animal Control Services, working under the direction of the Newburyport Director of Public Health, shall be subject to the City's annual audit process and shall be subject to periodic audit by the Newburyport City Auditor as is current practice.

#### **Article 7 Hours of Services and Service Requirements**

The City of Newburyport shall provide Animal Control Services under this Agreement on an asneeded basis, seven days a week, twenty four hours a day. Animal Control Services shall be provided on an equal basis between the communities.

#### **Article 8 Vehicle Usage**

The City of Newburyport shall provide a 2003 Ford Crown Victoria and the Town of West Newbury shall provide a 2005 Ford Van. Both vehicles shall be made available for the use of the Animal Control Officers. Collision and liability insurance for both vehicles shall continue to be paid by each respective Participating Governmental Units. Each Participating Governmental Units shall be responsible for the maintenance and upkeep of its own vehicles (excluding gasoline, oil changes and tires which will be provided in accordance with Article 4 hereof).

#### **Article 9 Fines**

Any fines, exempting boarding fees, collected will be collected on behalf of and returned to the Participating Governmental Unit from within the municipal boundaries of which the animal was taken, or in the case of an animal not taken, returned to the Participating Governmental Unit in which the animal resides or is kept.

#### **Article 10 Indemnification**

In the event that any claims, demands, suits, causes of action, costs, and expenses arise with respect to the services provided pursuant to this 'agreement, and to the extent permitted by Massachusetts General Laws chapter 258 and other applicable law, a Participating Governmental Unit shall indemnify, defend and hold harmless the other participating Government Unit form and against any such claims, demands, suits, causes of actions, costs and expends, including reasonable attorneys' fees and legal costs, but only to the extent that they arise from or relate to the negligent acts or omissions of the first Participating Governmental Unit, or its agents, servants, or employees, By entering into this Agreement, neither of the parties have waived any governmental immunity or limitation of liability or damages which may be extended to them by operation of law. This Agreement is by and between the municipalities which have executed it and each states that this is intended for their mutual benefit alone and is not intended to confer any express or implied benefits on any other person. This Agreement is not intended to confer third party beneficiary status on any person.

#### **Article 11 Operation of Animal Shelter Facilities**

The City of Newburyport shall maintain and operate an Animal Shelter Facility under the following terms and conditions.

#### I. OPERATIONS:

- a. The Animal Shelter Facility shall be accessible to the citizens of each Participating Governmental Unit for the retrieval of impounded animals during normal business hours, Monday through Friday 8AM to 4PM by appointment. Weekend hours will be provided by appointment only. Notice shall be posted conspicuously and in a readily accessible format in the main municipal building of both Participating Governmental Units which states the hours of operation and an emergency telephone number for use by residents to retrieve their pets. Such information shall also be made available on each respective Participating Governmental Unit website. The animal shelter shall be able to accept impounded animals 24 hours a day, 365 days a year.
- b. Newburyport will provide daily supervision, food, water and humane care to animals boarded at the shelter.
- c. All Animal Control Officers will log in each time they enter the Animal Shelter Facility. The sign-in sheets will be submitted monthly to the Director of Public Health.
- d. The Animal Shelter Facility is to be solely used for the impounding of animals and to be used by Animal Control Officers only. There shall be no entry of other persons in the shelter without the consent of the City of Newburyport Director of Public Health.
- e. Newburyport will be responsible for the Animal Shelter Facility cleaning/sanitizing supplies, maintenance, heat, water, electric and other utility costs incurred in connection with the operation of the Facility.
- f. Newburyport will be responsible to keep the Animal Shelter Facility and associated kennels maintained, clean, and sanitary on a daily basis. Excreta and food waste shall be removed from primary enclosures daily and from under enclosures as often as necessary to prevent an excessive accumulation of feces and food waste, to prevent soiling of the animals contained in the enclosures, and to reduce disease, hazards, insects, pests, and odors. The condition of the kennels and quality of care is to be of a high caliber and performed to the standards established by the City of Newburyport Director of Public Health.

- g. Boarding facilities shall include a sheltered kennel unit with cages and/or runs that protect the animals from precipitation, and extreme hot (100°F or greater) and cold (45°F or less) conditions. Except in emergency situations, as determined by the Newburyport Animal Control Officer, no more than one adult animal shall be kept per cage.
- h. Newburyport will be responsible for ensuring that an ill or injured animal is treated promptly by the respective Participating Governmental Unit's contracted licensed veterinarian, depending on the nature and/or seriousness of the illness or injury, and that any prescribed medication is promptly obtained and administered.

#### II. FEES:

- a. Owners who reclaim animal(s) shall make payment to the City of Newburyport prior to reclaiming their animal(s) for all boarding fees (\$35.00 per day for each animal) and all other fees related to shelter services provided per day per animal.
- b. Newburyport shall provide invoices, collect monies and keep records of all required fees received from owners. Invoices provided to owners who are retrieving their animal shall include the date that the animal was delivered to the shelter, the per day shelter rate, the number of days that the animal was sheltered, medical bills as applicable, and total fee due and collected.
- c. Each Participating Governmental Unit shall be responsible for the direct costs to care for the animals which originate from said community, including but not limited to flea treatments and any veterinary costs. For the purposes of this agreement, "veterinary costs" shall include rabies vaccinations, health evaluation, treatment of minor curable diseases and euthanasia.
- d. Each Participating Governmental Unit shall pay any additional costs associated with the transport and removal of animals from their community if an animal is not claimed or is injured.
- e. Newburyport may add a surcharge of up to ten (10) percent (not to exceed \$25.00) to medical bills to cover certain incidental costs relating to

transportation of an animal to a veterinarian's office, telephone expenses incurred in connection with medical treatment, and any special care involved. Bills must support all medical charges and receipts bearing the name of the veterinarian or firm from whom they were obtained.

- f. Fees for animals that are unclaimed by the owner at the end of the maximum seven (7) day holding period shall be paid by the Participating Governmental Unit where the animal originated.
- g. All fees and receipts from boarding and all other services related to the shelter shall be submitted monthly to the City of Newburyport Health Department.
- III. RECORD KEEPING: Each Participating Governmental Unit's Animal Control Officers shall maintain an impound record on each animal delivered to the Animal Shelter Facility. The impound record will be prepared and filled out by the appropriate Animal Control Officer and delivered to the Facility with the animal.

Upon discharge, one (1) copy of the animal's completed record shall be provided to the person claiming the animal and one (1) copy of each discharged animal's record shall be provided to Newburyport. If the agreement is terminated, all impound records shall transmitted to the appropriate town.

#### IV. DISCHARGE:

a. Claimed animals: Each Participating Governmental Unit will require the
person claiming the animal to show identification (preferably a driver's
license). In the case of a dog, a certificate of license is required of all dogs six
(6) months of age or older for release.

In the event of non-licensure of a dog, the owner or person claiming the dog will be required to show proof of licensure prior to release by the Animal Control Officer. The Animal Control Officer will not be responsible for ensuring licensure of the dog.

In addition, the Animal Control Officer will provide the person claiming the animal with a full disclosure of any medical treatment rendered by a veterinarian and/or the Animal Shelter Facility and by whom it was rendered

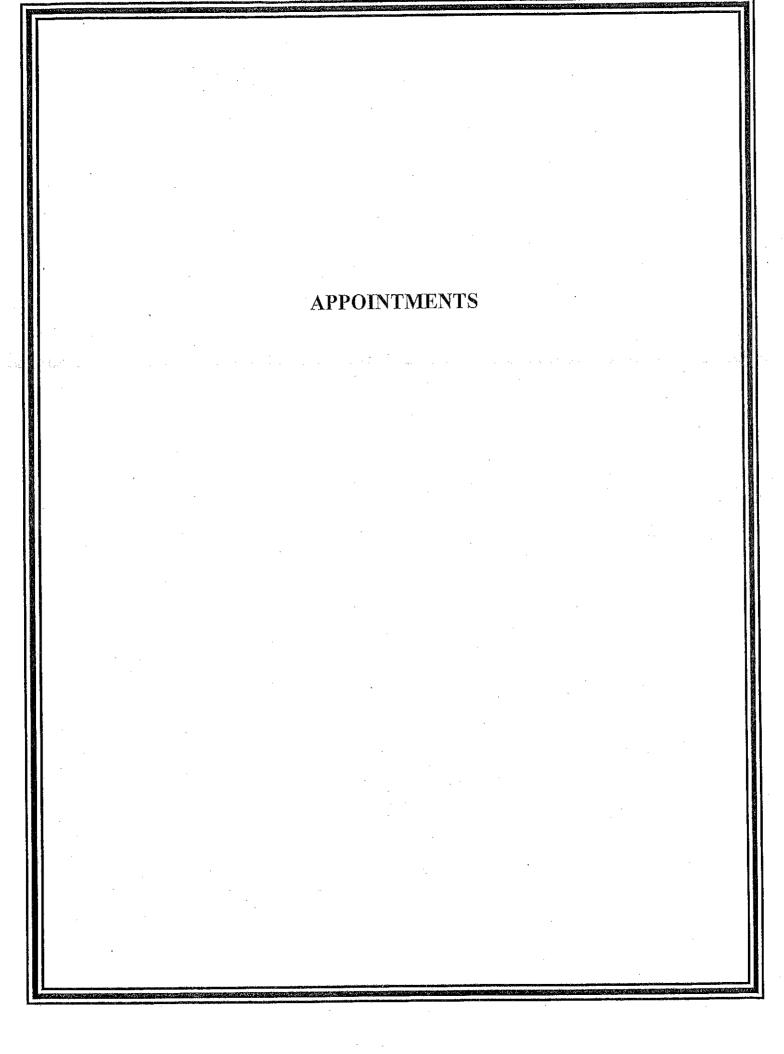

and a complete identification of any prescription or non-prescription medicine(s) administered to the animal while in custody. Finally, the Animal Shelter Facility must obtain the signature and the driver's license number of the person to whom the animal is released on the Impound Record.

b. Unclaimed animals: Unless requested by the Newburyport Director of Public Health or West Newbury Police Chief to retain the animal for a longer period (2 to 4 additional days), animals will be picked up on or immediately following the seventh (7th) day of confinement by the Animal Control Officer. The written notice to extend shelter services from the Newburyport Director of Public Health or West Newbury Police Chief must accompany the reports to the city or town. The shelter may place such animals as are deemed suitable up for adoption in accordance with MGL Chapter 140, section 136A.

#### Article 12 Miscellaneous

- a. This agreement may be amended in writing by vote of both of the Participating Governmental Units. Should additional municipalities seek to join this program of shared Animal Control Services, the terms agreed to herein, including apportionment of expenses, for such additional municipalities shall be negotiated and approved by both of the Participating Governmental Units.
- b. This agreement represents the entire understanding of the parties with respect to its subject matter.
- c. This agreement shall be governed by the laws of the Commonwealth of Massachusetts.
- d. If any of the provisions of this agreement is declared to be illegal, unenforceable, or void, then both parties shall be relieved of all obligations under such provision, provided, however, that the remainder of the Agreement shall be enforced.

Newburyport Cultural Council Attention: Anne Spraker

Dear Anne,

I would like to submit my name for consideration to the Newburyport Cultural Council Board.

I have lived in Newburyport for approximately 10 years now and I have a great deal of interest in the community and would be thrilled to be part of the Cultural Council. I live on Center Street with my 2 ½ year old daughter Sawyer Grace and our 2 dogs Phineas and Henry.

I fell in love with Newburyport the moment I moved here and was instantly welcomed into the community with the warmth and generosity that only Newburyport can offer. I am an actress and have performed countless times at both the Firehouse Theatre as well as Marc Clopton's Actor's Studio. I enjoy going to the open art studio's and the wet paint auctions throughout the year. Before I had my baby, I enjoyed taking art classes through the Newburyport Adult Education group. On Sunday's my daughter and I like to walk over to the Farmer's Market at the Tannery and enjoy the music, visit with friends and we always take home some wonderful treasures including our favorite guacamole and fresh cut flowers!

I have a great appreciation for the arts and for the community and would be delighted to have an opportunity to be a member of the Cultural Council Board.

I hope that you will consider me for the open position.

Best regards,

Dear Ms. Honegger,

This letter is to inform you of my interest to serve on the Newburyport Cultural Council. I have had a thirty -seven year career in Art Education, serving as the chair of the Pentucket Fine and Performing Arts Department for twenty-seven years. In my capacity as department chair I advocated for the arts, not only in the school community but in the greater Pentucket Community as well. Support from the local Arts Councils enabled me to provide enrichment for school arts programs and to bring arts venues to the community.

I retired from my full time teaching position two years ago and now teach part time at the New Hampshire Institute of Art. As a Newburyport resident I would enjoy the opportunity to share my passion for the arts and community building thru the arts by serving on the Newburyport Cultural Council. I have included my resume for your consideration.

Sincerely,

Ellen Burke Hart

Our second annual "Cruisin' The 50's" classic car and Doo Wop concert will take place again this year on Thursday night, August 15 from 5-8pm. (rain date 8/22)

This year, in an effort to expand the event, we are requesting permission to use the Unicorn Street portion of the Greene St. parking lot between Pleasant St. and the lot.

We have met several times with Marshall Tom Howard to discuss our plans and since traffic will not be able to turn onto Unicorn Street during our event ,with Pleasant Street closed to traffic, we feel this will increase safety for people walking around the area viewing the cars. We would need to suspend parking on that portion of the lot starting at 3pm the day of the event. If necessary we would be willing to pay for the lost revenue for those meters for that two hour period.

Sincerely, Carl Strube WNBP Radio

**THAT** the Newburyport Sewer Commission allow for adjustment of sewer billing charges to reflect water which is measured by the potable water meter but which does not enter the city sanitary sewer system. The below policy is a revision to the existing 1997 policy that prohibits second meters.

Councillor Ari Herzog Councillor Robert Cronin

#### BACKGROUND:

The sewer use bill is predicated upon metered water consumption for those properties receiving water from the Water Department. Some residential property owners use city water for irrigation or for swimming pools. Commercial, residential, and industrial properties are charged a sewer rate based upon one hundred percent (100%) of the metered water use.

As of the date of the current policy, domestic water is provided by the Water Department to most properties within the city. It is the responsibility of the Sewer Department to provide water meters to properties served by the water distribution system, and residents must comply with the regulations and requirements of the Sewer Department relative to multiple water meters, which currently are prohibited under a 1997 policy.

The Sewer Department may supply, at the owners expense, second meters for properties that use water from the water distribution system for lawn or garden irrigation or for swimming pools. The Sewer Department will install a first meter measuring all water usage, and may supply, at the property owner's request (and expense) in conformity with the rules and regulations of the City, a second meter. Water for domestic use will pass through the first meter and all domestic plumbing lines will divert water for domestic or potable use before the water passes to the second meter.

Water for lawn or garden irrigation or for swimming pools will be drawn from the properties water service line through appurtenances of the domestic water system, after passing through the second meter.

#### **DEFINITIONS:**

SECOND WATER METER. A standard water meter measuring in cubic feet which is installed on a water line feeding a device which does not drain to the City of Newburyport sanitary sewer system.

SEASONAL SECOND WATER METER. A second meter installed on a water line feeding a external hose bib, sprinkler system, or device installed to use water outside of the structure. The water use for this meter is predominately incurred during the late spring to early fall of each year.

CONTINUAL USE SECOND METER. A second meter which feeds a device which is in continual use throughout the majority of a calendar year.

WATER COMPANY'S WATER METER. A water meter which measures the consumption of water provided by the water company from its mains to the property.

#### INSTALLATION, AND USE OF SECOND WATER METERS.

Type of second meter: The meter shall be a standard positive displacement water meter which records in cubic feet. The meter shall be capable of accepting a standard water meter tamper seal. The owner of the property is responsible for purchasing the meter and incurring all costs of installation. The meter shall not be considered the property of the City and the City holds no responsibility for maintenance or repair of the meter.

All residential second meters are defined as seasonal second meters and not continual meters. If the applicant can show good cause that the meter should be defined as a continual second meter the Sewer Commission shall take it under consideration and where warranted grant such status.

Installation and location of the second meter: The second meter shall be installed by a Massachusetts licensed plumber. The meter shall be located on a water line which only serves the device from which flow is not returned to the sanitary sewer. It shall be located so as to allow free and easy access for maintenance and reading. Any provision to drain the water line downstream of the second meter shall be done in such a way as to insure that flow may not be redirected to a device, which does return flow to the sanitary sewer.

Inspection and sealing of the second meter: Prior to acceptance by the Sewer Commission, for the purposes of reducing sewer consumption use, the meter shall be inspected and a tamper proof seal installed by a representative of the Sewer Department. The line and uses to which the second meter feeds shall also be inspected at this time.

Follow up inspections: Within the provisions of Chapter 14 Article 2 of the Code of Ordinances of the City of Newburyport, the Commission shall have the right to enter properties with a second meter for the purpose of inspection.

Second water meter reads: It shall be the responsibility of the property owner where a second meter is located to provide the second meter consumption readings to the Sewer Department office so that the adjustment may be made to the properties' sewer billing account.

The reading shall be provided to the Sewer Department by November 1st at the latest. Continual second meter reads shall be provided by May 1st and November 1st of each year.

In the event that a reading is not provided by the required dates, no adjustment to the current bill is possible for the applicable billing period. In the event that the water consumption as measured through the second water meter exceeds the consumption of the water company's meter serving the property for the current billing period, no credit in excess of the consumption as measured by the water company's meter shall be granted. Any consumption is excess shall be zero balanced and not carried forward. The Sewer Department will make a good faith attempt to advise owners of second meters that meter readings need to be provided. However

located from the responsibility of providing the second meter readings to the Sewer Department in a timely fashion. The Sewer Chief Operator shall have the authority to adjust the dates by which readings must be received by the Sewer Department to coincide with any changes to the billing system. Written notification to the owners of properties where second meters are located shall be made.

no action or inaction on the part of the Sewer Department relieves the property owner where a second meter is

Second water meter mechanical failure: In the event that the second meter fails to measure flow due to mechanical failure, the following methodology shall be employed to estimate usage.

Where possible an historical second meter water consumption average shall be developed for the meter for the historical period of the current property owner's use. A correction factor of 10% shall be subtracted from the average and the billing account shall be adjusted by that corrected average amount. All other provisions of second water meter shall apply to this estimated method.

The defective meter shall be repaired or replaced by the property owner and resealed by the Sewer Department before any further adjustments to be properties' sewer bill account may be made.

#### NEW POLICY:

Residential properties that receive a second meter from the Sewer Department for irrigation or pool recharge purposes will be charged the residential sewer use rate for one hundred percent (100%) of the water usage for domestic purposes, or for one hundred percent (100%) of the difference between the volume of water metered by the first meter reduced by the volume of water metered by second meter.

Commercial and industrial properties that receive a second meter from the Sewer Department will be charged the nonresidential sewer use rates for one hundred percent (100%) of the water usage for domestic purposes, or for one hundred percent (100%) of the difference between the volume of water metered by the first meter reduced by the volume of water metered by second meter.

The City of Newburyport reserves the right to inspect the property, and should it be ascertained that water metered for irrigation or pool recharge purposes (non-domestic water) is being discharged into the sanitary sewer system will result in the discontinuance of billing off the second meter, and will result in billing at one hundred percent (100%) of the total water usage in conformity with the sewer use rate and fee schedule.

Use of a second meter as the basis for a sewer use bill for properties is a privilege, not a right, and as such, the City reserves the right to discontinue billing sewer use from a second meter.

POLICIES AND PROCEDURES CITY OF NEWBURYPORT WASTEWATER TREATMENT FACILITY

Prepared by: Brendan B. O'Regan

Approved by Commission:

Revision: Date: 12/18/97

TITLE: POLICY ON AUXILLIARY (SECOND) METERS

- 1.0 PURPOSE: To distribute the cost of sewer collection and treatment service in the most equitable manner.
- 2.0 PROCEDURE:
  Sewer billing shall be based on the total amount of water that passes through the initial meter (i.e. water used).
  Use of a second (or third, etc.) meter (associated with lawn watering, fire protection, or any other matter) for the purpose of deducting the water that passes through this auxiliary meter from the consumption used for the sewer bill, shall not be allowed.
- 3.0 AUTHORITY:
  This procedure was originally adopted by the Sewer Commission in 1988 and effective as of this date. It was approved as a formal procedure on November 20, 1997.

Order Relative to Legislation Creating a new Regional Veterans' Services' District to Include the City of Newburyport, the City of Amesbury, the Town of Salisbury, the Town of Merrimac and the Town of Newbury

Whereas, the City of Newburyport and one of more of its neighboring communities, which may include the City of Amesbury, the Town of Salisbury, the Town of Merrimac and the Town of Newbury, wish to create a new regional veterans' services district, and

Whereas, Massachusetts General Laws Chapter 115, Section10 limits participation in such a regional district to adjacent municipalities and only one city per district, and

Whereas, said communities are in essential agreement as to the terms of an Intermunicipal Agreement for operation of such new regional veterans' services district,

Now therefore, be it **Ordered** that:

The City Council of the City of Newburyport hereby authorizes the Mayor, on behalf of the City, to submit a Petition to the General Court of the Commonwealth of Massachusetts to enact an Act creating a new regional veterans' services district, including the City of Newburyport and one of more of its neighboring communities, which may include the City of Amesbury, the Town of Salisbury, the Town of Merrimac and the Town of Newbury, provided, however, that the General Court may make clerical or editorial changes of form only to the bill, unless the Mayor approves amendments to the bill before enactment by the General Court, and to further authorize the Mayor to act on behalf of the City relative to any inquiries and/or changes made by the General Court concerning the proposed Act, and to approve amendments which shall be within the scope of the general public objectives of the petition and to cooperate with the City of Amesbury, the Town of Salisbury, the Town of Merrimac and the Town of Newbury in jointly submitting such petition, as needed:

# AN ACT RELATIVE TO A REGIONAL VETERANS' SERVICES DISTRICT IN ESSEX COUNTY.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

SECTION 1. The cities of Newburyport and Amesbury and the towns of Salisbury, Newbury and Merrimac, or any two or more of them, may establish a regional veterans' services district under the provisions of section 10 of chapter 115 of the General Laws, notwithstanding that said section 10 limits participation in such a district to adjacent municipalities and only one city per district. Such district shall, other than as set forth herein, comply with the provisions of said section 10 and shall be known as The Hines/Shay Veterans' District.

SECTION 2. Said district may continue so long as the combined population of the cities of Newburyport and Amesbury shall not, by reference to the most recent US Census data, exceed 50,000. In any year in which the combined population of the cities of Newburyport and Amesbury is determined, by reference to the most recent US Census data, to exceed 50,000, the members of said district shall convene a district meeting. The purpose of such district meeting shall be to address a method of reforming the district in compliance with the population requirements of this Act and to establish a reasonable time frame in which to accomplish the transition necessary to such reformation without sacrificing services to the veterans of each community involved in such transition.

**SECTION 2.** This act shall take effect upon its passage.

Councillor Thomas F. O'Brien

Subject:

Shellfish Management Plan

The Division of Marine Fisheries intends to open approximately 250 acres in Joppa Flats out to Woodbridge Island for shellfishing (see attached map). Since these flats are designated as moderately contaminated, all shellfish harvested from this area are required to be processed at the Shellfish Purification Plant. Given the accessibility of this area to the general public, the Division of Marine Fisheries is concerned that without proper education and consistent enforcement, unlicensed shellfishing may occur. Attached is a shellfish management plan that has been drafted to address those concerns.

The area will be opened as soon as this management plan is approved. It will remain open on a year-round basis, but will be closed after any moderate to significant rain event. The Division of Marine Fisheries estimates that the flats will be open from between 45 to 120 days a year, depending on how frequently it has to be closed due to rain.

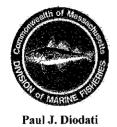

Under this management agreement, the City will be able to charge between \$100 and \$200 per license and \$2 per rack. Based on their projections, the Division of Marine Fisheries believes that approximately 3000 bushels will be harvested on an annual basis from these flats. Accordingly, the City anticipates collecting between \$6500 and \$7500 annually in fees once this area is opened. These fees will be deposited into the Harbor Enterprise Fund.

The plan establishes the Newburyport Shellfish Constable as the enforcement authority. Consistent with what many other coastal municipalities do around the state, the Mayor has appointed the Harbormaster to this position, subject to your confirmation. Mr. Hogg's responsibilities under this new plan will be as follows:

 Inspect racks of shellfish harvested with respect to MGL Chapter 130 section 52, 69 and CMR 322 section 10.04

- Maintain a daily record tracking the number of racks harvested by each Master Digger
- Patrol the area when shellfish are being harvested and monitor shellfish areas and landing sites during closures
- Notify the Massachusetts Division of Marine Fisheries' Shellfish Purification Plant each Friday with the proposed digging schedule and landing site schedule for the following week

The Shellfish Constable will earn a \$2500 annual stipend which will be paid in equal biweekly installments to account for these additional duties. Based on the projected revenue from opening these new flats, the City will see a net increase of between \$4000 and \$5000 annually. Mr. Hogg plans on attending the Massachusetts Shellfish Constable Training program held down at Massachusetts Maritime Academy in January 2014. Both the terms of the management plan as well as the stipend rate will be revisited once the flats have been opened for one full year.

# CITY OF NEWBURYPORT SHELLFISH MANAGEMENT PLAN FOR MODERATELY CONTAMINATED SHELLFISH AREAS

- 1.) PURPOSE: The following plan is intended for the City of Newburyport as a management, conservation, and law enforcement cooperative measure. This plan is meant to insure adequate control of moderately contaminated shellfish harvest, under the authority of Massachusetts General Laws Chapter 130, Section 52, 74, 74a, 75, 80, 98, and CMR 322 Section 10. For the purpose of this management plan, shellfish shall be defined as soft-shell clams (*Mya arenaria*).
- 2.) LICENSES: Every digger, Master and Subordinate, shall buy a Commercial Shellfish License from the City of Newburyport, City Clerk. Shellfish Licenses shall be valid for one (1) year commencing January 1<sup>st</sup> and expiring December 31<sup>st</sup>. Necessary proof of residence must be to the satisfaction of the City Clerk and shall be in the form of 2 or more of the following instruments, but not limited to: driver's license, voter registration, real estate tax bill, utility bill, school enrollment and/or vehicle registration. Applicants for a Newburyport Shellfish License must possess a valid Master or Subordinate Digger permit issued by the Massachusetts Division of Marine Fisheries. License applicants must submit a signed statement on forms supplied by the City of Newburyport that the applicant has read, is familiar with, and agrees to fully comply with provisions of this management plan.
- 3.) LICENSE FEES shall be set as follows and may be subject to change in subsequent calendar years by City of Newburyport in consultation with the Massachusetts Division of Marine Fisheries. The City of Newburyport may at any time during a calendar year pro-rate license fees.

Newburyport Residents (Resident License) \$100.00 Massachusetts Residents (Non-resident License) \$200.00 Rack Fee \$2.00/Rack

4.) TRANSACTION CARDS & CLEAN SHELLFISH PERMITS: No digger, Master and Subordinate may have in his or her possession during his or her moderately contaminated shellfish activities a clean shellfish permit, a shellfish endorsement on his or her commercial fishermen permit or a shellfish transaction card. In addition, Master Diggers so engaged in moderately contaminated shellfish activities must surrender any clean shellfish permit, shellfish Page 1 of 4

endorsement on his or her commercial fishermen permit or a shellfish transaction card other than a special Master digger transaction card to the Massachusetts Division of Marine Fisheries.

- 5.) ENFORCEMENT: The Shellfish Constable and/or Deputy Shellfish Constable, appointed by the Mayor of the City of Newburyport will enforce the provisions of this management plan and all statutes in accordance with provisions of section 98 Chapter 130 of the Massachusetts General Laws. Officers of the Massachusetts Office of Environmental Law Enforcement will have the authority to enforce the provisions of this management plan.
- 6.) RACK TRACEABILITY: The Shellfish Constable will maintain a daily record with the number of racks harvested by each Master Digger. Such records will contain, but not be limited to the following information:

a.) The date and proper designation of the shellfish area harvested.

b.) The name of the Master Digger or Supervisor and the permit number of the Master Digger.

c.) The number of racks collected by Master Digger or his/her Supervisor.

- d.) The true names and permit numbers of the Subordinate Diggers harvesting that day and numbers of racks each Subordinate dug.
- 7.) RACK LIMITS: A daily rack limit may be imposed upon each digger when the Massachusetts Division of Marine Fisheries and the City of Newburyport agree a limit is necessary. Any rack limit may also be based upon the capacity of the Massachusetts Division of Marine Fisheries Shellfish Purification Plant. No Master Digger or Subordinate will exceed any such rack limit. The City of Newburyport and the Massachusetts Division of Marine fisheries may agree to set rack limits in shellfishing areas for conservation purposes.
- 8.) WASHING AND CULLING: Shellfish shall be thoroughly washed with water from the harvest area and dead or broken shellfish or foreign matter removed from the catch prior to loading onto the transport vehicle in accordance with provisions of 322 Code of Massachusetts Regulations 10.04 (3, 4).
- 9.) HARVEST MONITORING AND PATROL: The Shellfish Constable shall review the Master Diggers Report on a daily basis for completeness, sign and retain the canary colored copy prior to transport. The Shellfish Constable will inspect racks of shellfish harvested with respect to MGL Chapter 130 section 52, 69 and CMR 322 section 10.04. Patrol of the City of Newburyport waterways by the Shellfish Constable must be provided on days that shellfish are being harvested. In addition, the City will adequately patrol or monitor shellfish areas and landing sites during closures.
- 10.) POSTINGS: The City of Newburyport shall install and maintain orange markers clearly delineating the boundaries between classification areas. *Marine Fisheries* will provide the City of Newburyport with a list and description of the classification areas in the City of Newburyport including information on the classification and locations for installing red/orange markers. In addition, signs will be used to notify the public that the area is contaminated and shellfishing is not permitted. Signs shall be posted by the City of Newburyport at commonly used and/or public access points. The City of Newburyport shall provide postings locations to *Marine Fisheries*.
- 11.) PROHIBITED: The following are prohibited practices:
  - a.) No digger, Master or Subordinate, shall contribute to the catch of another digger.

- b.) No Master Digger or Subordinate Digger shall exceed a daily limit imposed by the City of Newburyport and/or the Massachusetts Division of Marine Fisheries.
- c.) No Master Digger or Subordinate Digger shall be in the possession of seed clams.
- 12.) HARVESTING SCHEDULE: No more than one conditionally restricted area may be harvested per day. The City and Division of Marine Fisheries may wish to partition the available flats into harvest areas. The conditionally restricted area's status shall be "Open" to clamming by the Massachusetts Division of Marine Fisheries prior to harvest. It is at the discretion of the Shellfish Constable to assign the digging area. The Shellfish Constable will notify the Massachusetts Division of Marine Fisheries' Shellfish Purification Plant each Friday with the proposed digging schedule for the following week. Changes to the digging schedule may be made with the prior approval of the Massachusetts Division of Marine Fisheries. The Shellfish Constable must notify the Massachusetts Office of Environmental Law Enforcement and the Massachusetts Division of Marine Fisheries' Shellfish Purification Plant of a schedule change, due to weather or unpredictable circumstances.
- 13.) TRANSPORTATION: Shellfish from conditionally restricted areas open to harvest shall be transported to the Massachusetts Division of Marine Fisheries Shellfish Purification Plant via prescribed routes designated by the Division. In a qualified emergency, the Shellfish Constable may make a temporary route change, within their town, with the approval of the Massachusetts Office of Environmental Law Enforcement. The Division of Marine Fisheries Shellfish Purification Plant will be notified immediately upon the temporary change.
- 14.) HOLD OVER: All shellfish harvested on any "digging day" shall be transported immediately to the Shellfish Purification Plant. Shellfish may be held overnight in an emergency. "Hold over" shellfish will only be allowed with the agreement of Massachusetts Office of Environmental Law Enforcement. The Shellfish Purification Plant will be immediately notified and all conditions of CMR 322 Section 10.06 will be met. Massachusetts Division of Law Enforcement will designate a secure location for "hold over" shellfish. The shellfish will be transported to the Shellfish Purification Plant the next morning. No other shellfish will be transported with "hold over" shellfish.
- 15.) LANDING SITES: Landing sites shall be designated as follows:

  Cashman Park Boating Ramp

  Ring's Island Town Pier

  Salisbury State Reservation Boating Ramp

It is at the discretion of the Shellfish Constable to assign a landing site. No more than one landing site shall be assigned on any one day when any conditionally restricted area is open to harvest within the City of Newburyport. The Shellfish Constable will notify the Massachusetts Division of Marine Fisheries' Shellfish Purification Plant each Friday with the proposed landing site schedule for the following week. Changes in the landing site schedule by the Shellfish Constable may be made with the approval of Massachusetts Division of Marine Fisheries. The Shellfish Constable will notify the Massachusetts Office of Environmental Law Enforcement on changes in the landing site schedule. It is the responsibility of the City of Newburyport to arrange the use of designated landing sites not under city control.

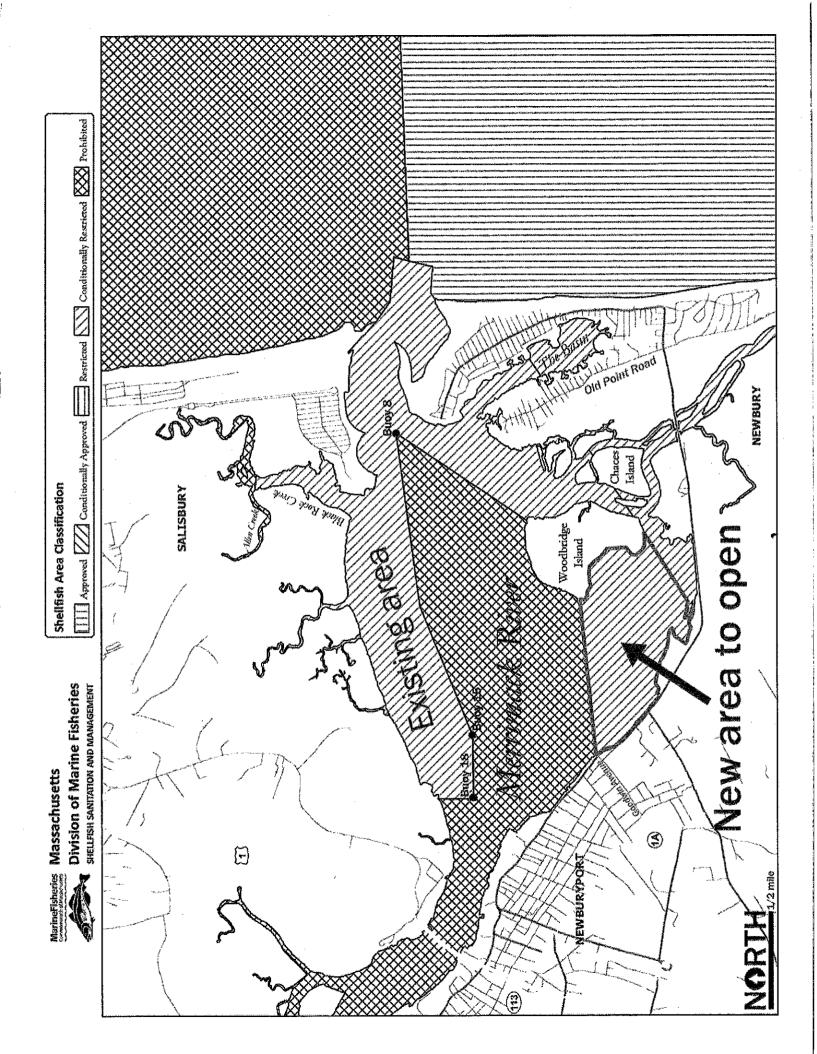

16.) RESOURCE MANAGEMENT: The City of Newburyport may assess shellfish areas to determine the extent of the shellfish resource. The Massachusetts Division of Marine Fisheries may, as time permits, assist in the resource assessment. The results will be used as a

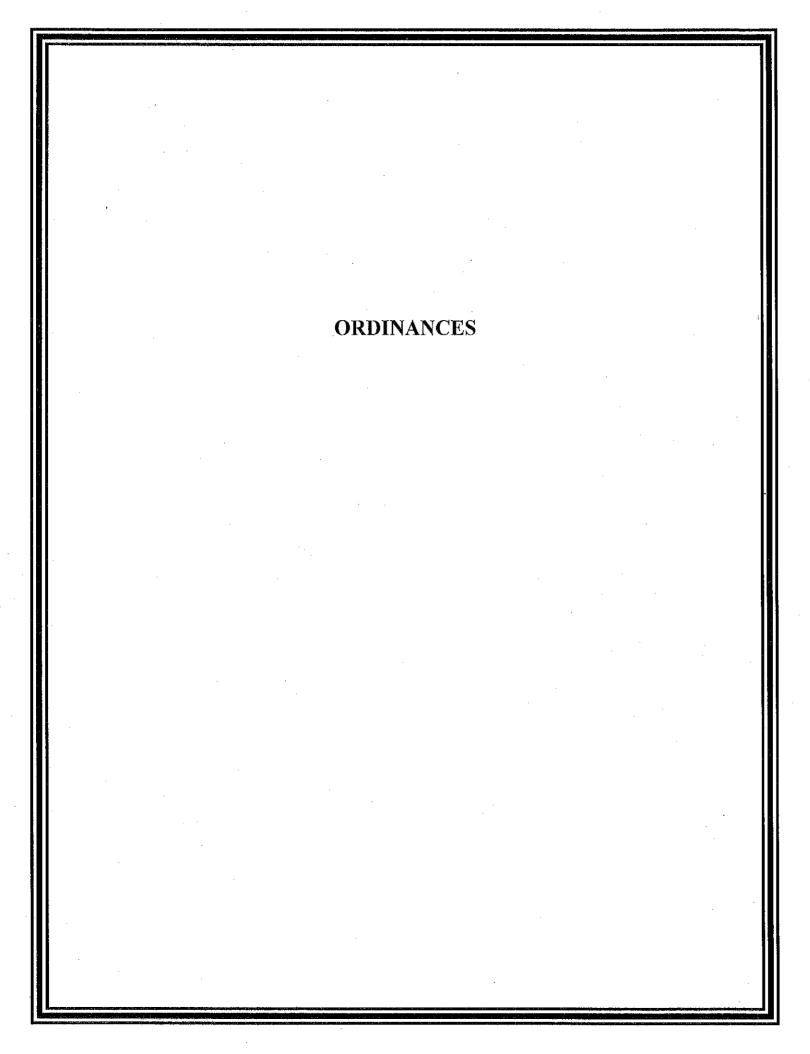

recommendation to the Newburyport Mayor. Based upon recommendations, the Newburyport Mayor, with the approval of Massachusetts Division of Marine Fisheries, may institute a management closure of a shellfish area, or portion there of, in accordance with the MGL Chapter 130, Section 52 & 54. The Massachusetts Division of Marine Fisheries reserves the right to institute public health closures in accordance with MGL Chapter 130, Sections 74 & 74A.

- 17.) PENALTIES: Whoever violates any provision made under the authority of this management plan shall be subject to the penalties established by the City of Newburyport and in accordance with the MGL Chapter 130.
- 18.) CHANGES AND REVIEW: This plan shall be reviewed annually by the Massachusetts Division of Marine Fisheries and the Shellfish Constable. Changes may be made at any time upon written request and mutual concurrence of a majority of the Newburyport City Council and Massachusetts Division of Marine Fisheries.
- 19.) SEVERABILITY: In the event any provision, section, or clause of these rules and regulations is found to be invalid, it shall not affect the validity of the remaining rules and regulations. Should this agreement become burdensome or unmanageable to either party, the agreement may be canceled upon 30 days written notice.

Newburyport City Council City Hall 60 Pleasant St. Newburyport, MA 01950

Dear City Council Members:

I am writing on behalf of the Community Giving Tree of Boxford to ask that you grant permission to the organization to park a small van at Cushing Park for two hours one Saturday a month for the purpose of collecting donations for families in need.

The Community Giving Tree provides low-income families in Essex County with basic necessities such as clothing, school supplies, baby equipment, and personal care items. Many Newburyport families already contribute to the Community Giving Tree, and the organization has offered to help local families donate by coming to us rather than having us individually drive to Boxford. With your permission, the collection van would be parked in the parking lot from 10–12 on the first Saturday of the month year round.

I appreciate your consideration.

Sincerely,

Kristen Donahue

No person shall, while in, on, or within or within one thousand feet of an educational facility or one hundred feet of a public park or playground, use or possess one ounce or less marijuana or tetrahydrocannabinol. As used in this section, "educational facility" shall include the real property comprising a public or private accredited preschool, accredited headstart facility, elementary, vocational, or secondary school whether or not in session.

Violation of any provision of this ordinance shall be punishable by arrest and a fine of \$100.00 for each offense imposed in the manner provided in Massachusetts General Laws Chapter 40 Section 21D.

Councillor Brian Derrivan

November 22, 2011

#### Dear City Councilors,

I am writing to you as the Project Director of the city's federal Drug Free Communities Grant. As you probably know, as of January 2009, the possession of less than one ounce of marijuana has been decriminalized in Massachusetts. On Monday, December 28<sup>th</sup>, Councilor Brian Derrivan (Chair of the Public Safety Committee) will be introducing a local ordinance that would create an additional fine on smoking marijuana in public places. The ordinance in short: No person shall smoke, ingest, or otherwise use or consume marijuana or tetrahydrocannabinol (as defined in G.L. c. 94C, § 1, as amended) while in any public place. The offense is punishable by arrest and/or \$300. When this ordinance passes, we would be following over 60 other MA communities who have taken this stand. As supporters of the coalition's mission to reduce underage substance use, we hope you will consider this motion.

This ordinance mirrors the open container law for alcohol and would allow more enforcement in situations such as waterfront concerts, sports events and other public events as well as public spaces such as the boardwalk, Inn Street and local parks.

This fall, we have begun to see some of the effects the decriminalization has had on our communities. The policy has definitely changed the perception of risk by both teens and adults. We have heard time and time again from young people that "it's legal", it's natural", and "everyone does it". Newburyport High School has reported to the BEACON Coalition that up to as many as 10 youth have had expulsion hearings connected to marijuana (on school property) since school began in September. In addition to this, we are also hearing increased reports of driving under the influence of marijuana.

Whether people are pro-or anti marijuana reform, this ordinance is created to protect members of our community who chose not to participate. Marijuana, like cigarettes, affects those around it. This ordinance would help to protect people's right to a healthy environment. In addition, we hope that educating young people on the issue and new bylaw would help to empower the 60% of students who do not smoke pot to continue making that healthy choice.

If you would like any more information please feel free to contact me.

Andrea Egmont Director of Youth and Recreational Services Newburyport Youth Services

## Important Information for Vehicle Owners

- Every person operating a motor vehicle shall have the Certificate of Registration for the motor vehicle and for the trailer, if any, and his/her license to operate; upon his/her person or in the vehicle, in some easily accessible place.
- . By law, you must report any change of address to the RMV within 30 days in writing. Address changes can be made on the RMV website: www.mass.gov/rmv or by mail to: RMV, P.O. Box 55889, Boston, MA 02205-5889. Once you have reported the address change to the RMV, please write corrected address in box provided above.
- . Return the registration plates to the RMV immediately if:
  - The vehicle has been sold or junked and the registration is not going to be transferred to another vehicle. Keep a copy of the Bill of Sale, Title, and completed Reassignment of Title for your records to document the transfer.
- You move to another state and you register the vehicle in that state.
- The insurance policy is not renewed or is cancelled and there is no plan to obtain a new policy.

Transferring Your Plates: Massachusetts law (M.G.L. Chapter 90, Section 2) allows you to transfer valid registration plates from this vehicle to a newly acquired new or used motor vehicle or trailer while you obtain insurance and a new registration. All of the following must be met: 1. You are at least 18 years of age and you own the motor vehicle or trailer identified on this Registration Certificate; 2. You transfer ownership of this vehicle to another person or permanently lose possession of it (such as through repossession, etc.); 3. The newly acquired vehicle is of the same vehicle type (passenger vehicle to passenger vehicle, trailer to trailer, etc.); the same registration type (passenger to passenger, commercial to commercial); and has the same number of wheels; and, 4. The seller and buyer properly complete the Assignment of the Certificate of Title (for the newly acquired "used" vehicle) or Certificate of Origin (if a "new" vehicle). If all of the above are met, you may operate the newly acquired vehicle with the transferred plates up to 5:00 pm of the 7th calendar day following the date of transfer (or loss of possession). The day of transfer or loss is day #1. During those 7 days, you must carry the Bill of Sale (or the dealer's Purchase Contract) for the newly acquired vehicle and this Registration Certificate when operating the vehicle. See FAQs About the Seven-Day Registration Transfer Law on the RMV's website at www.mass.gov/rmv.

No Insurance Card Required: Massachusetts's law does not require an insurance card. The law, M.G.L. Chapter 90, Section 34A and Chapter 175, Section 113A requires the vehicle's owner to maintain a compulsory motor vehicle liability insurance policy or bond for bodily injury coverage and property damage insurance. If an insurer is identified on the face of this Registration Certificate, it is required by law to electronically notify the RMV (Registry of Motor Vehicles) If coverage lapses. The vehicle owner is then notified by the RMV to obtain new insurance within 10 days or the registration will be revoked. Bonds are filed with the State Treasurer \$ office.

Important Information for Vehicle Owners				Important I	nformati	on for Vehicle	Ownore		

- Every person operating a motor vehicle shall have the Certificate of Registration for the motor vehicle and for the trailer, if any, and his/her license to operate, upon his/her person or in the vehicle, in some easily accessible place.
- By law, you must report any change of address to the RMV within 30 days in writing. Address changes can be made on the RMV website: www.mass.gov/rmv or by mail to: RMV, P.O. Box 55889, Boston, MA 02205-5889. Once you have reported the address change to the RMV, please write corrected address in box provided above.
- Return the registration plates to the RMW immediately if:
  - The vehicle has been sold or junked and the registration is not going to be transferred to another vehicle. Keep a copy of the Bill of Sale, Title, and completed Reassignment of Title for your records to document the transfer.
- You move to another state and you register the vehicle in that state.
- The insurance policy is not renewed or is cancelled and there is no plan to obtain a new policy.

Transferring Your Plates: Massachusetts law (M.C.L. Chapter 90, Section 2) allows you to transfer valid registration plates from this vehicle to a newly acquired new or used motor vehicle or trailer while you obtain insurance and a new registration. All of the following must be met: 1. You are at least 18 years of age and you own the motor vehicle or trailer identified on this Registration Certificate; 2. You transfer ownership of this vehicle to another person or permanently lose possession of it (such as through repossession, etc.); 3. The newly acquired vehicle is of the same vehicle type (passenger vehicle to passenger vehicle, trailer to trailer, etc.); the same registration type (passenger to passenger, commercial to commercial); and has the same number of wheels; and, 4. The seller and buyer properly complete the Assignment of the Certificate of Title (for the newly acquired "used" vehicle) or Certificate of Origin (if a "new" vehicle). If all of the above are met, you may operate the newly acquired vehicle with the transferred plates up to 5:00 pm of the 7th calendar day following the date of transfer (or loss of possession). The day of transfer or loss is day #1. During those 7 days, you must carry the Bill of Sale (or the dealer's Purchase Contract) for the newly acquired vehicle and this Registration Certificate when operating the vehicle. See FAQs About the Seven-Day Registration Transfer Law on the RMV's website at www.mass.gov/rmv.

No Insurance Card Required: Massachusetts's law does not require an Insurance card. The law, M.G.L. Chapter 90, Section 34A and Chapter 175, Section 113A requires the vehicle's owner to maintain a compulsory motor vehicle liability insurance policy or bond for bodily injury coverage and property damage insurance. If an insurer is identified on the face of this Registration Certificate, it is required by law to electronically notify the RMV (Registry of Motor Vehicles) If coverage lapses. The vehicle owner is then notified by the RMV to obtain new insurance within 10 days or the registration will be revoked. Bonds are filed with the State Treasurer's office,
