Subject: Request for Transfer to Fund Contract 1 Expedited Bidding/Construction Services and Contract 2 Additional Design for Wastewater Treatment Facility Odor Control

I am writing to respectfully request approval of an appropriation from Sewer Retained Earnings in the amount of \$370,000 to fund the Contract 1 Expedited Bidding and Construction Services, and the Contract 2 Additional Design for odor control and facility upgrades at the Wastewater Treatment Facility at 115 Water Street.

At the May 23, 2016 Water and Sewer Commission meeting, Bob Rafferty from Environmental Partners discussed milestones and funding approval dates for the facility upgrades at the Wastewater Treatment Facility. The attached transfer will position the Water and Sewer Commission to move forward within the necessary timeline.

Again, listed below are the Project Milestones.

Project Milestones	Completion Dates
1A Preliminary Design	February 29, 2016
1B City Review	March 14, 2016
2A Permitting Submittal	May 31, 2016 - July 25, 2016
2B Final Design	June 27, 2016
2C City Review	July 18, 2016
3 Bid Period	July 25, 2016 - September 2, 2016
4 Award Contract	September 19, 2016
5 Construction Period	September 2016 - June 2017

To meet the above milestones, we are anticipating our funding needs as shown below. The estimated costs will be further refined as the design process is completed and the project goes out to bid.

Phase	Estimated Cost	Funding Approval Dates
Preliminary Design	\$113,000	January 11, 2016
Final Design/Bidding	\$230,000	February 29, 2016
Expedited Design/Bidding/ Construction Services	\$370,000	June 27, 2016
Construction	\$3.0-3.5 million	September 12, 2016

The scheduling of a portion of construction in spring and summer 2016 (Contract 1) improves the odor control situation for the summer season but requires moving some design, bidding and construction services funds to May instead of late summer. The inclusion of the sodium hypochlorite septage receiving, exterior ducts, and geotechnical engineering have added design and construction scope, but the total budget is still at the initial estimate.

The goals of this project are two-fold: (1) take immediate steps to reduce odors for summer of 2016 and (2) undergo bidding and construction of the facility upgrades as a permanent solution to reducing odors at the facility.

I thank you in advance for your consideration.

RE: Transfer Request

The police department has always carried 10 marked police cruisers 5-6 which are used as front line cars. The older cars are used as spare cars for special assignments such as traffic details or school/training. We will also deploy extra patrol during special events, such as festivals, road races or unusual occurrences which require added patrol.

We are currently at 8 marked police cruisers. We have lost 2 cruisers in accidents in the last year and 2 2009 Dodge Chargers to mechanical issues. We have been rotating the older vehicles out of the front line and using them more sparingly. We find that by doing this and maintaining a fairly new frontline fleet we are able to keep the maintenance costs at a reasonable level. The front line cars are running 24 hours a day.

The fleet currently consists of:

505	2016	FORD EXPLORER
508	2014	FORD EXPLORER
509	2014	FORD EXPLORER
502	2014	FORD POL INTER
501	2011	FORD CRN VIC
503	2011	FORD CRN VIC
507	2010	FORD CRN VIC
506	2006	FORD CRN VIC

The 2010 Ford Crown Vic is dedicated to the K9 Officer. We are currently waiting for the delivery of a 2016 Ford Police Interceptor sedan which was ordered back in February, which was replacing 1 of the 2 Dodge Chargers which were put out of service due to mechanical issues. I would like to replace car# 506 which is a 2006 Ford Crown Vic.

The cost to purchase this vehicle is \$27,895.

RE: Special Police Appointment

Mayor,

I'm requesting the appointment of 2 special police officers to assist the police department in special details and summer help. They are well trained and are pursuing careers in law enforcement.

Our special police roster is limited, with older officers no longer able to continue this work. In the last year we lost some officers to age, illness or death. Having these officers will be a benefit to the police department's ability to meet the demand of traffic officers.

Both these officers have attended the 242 hour reserve academy and are certified reserve police officers in the State of Massachusetts. They both are currently working as part time dispatchers for Newburyport and one of them also works for the Newburyport Harbormaster.

March 2, 2016

Dear Marshal Murray,

I am writing this letter to express my strong interest for the position as a Special Police Officer for the City of Newburyport. Since July I have worked as a dispatcher and prior to that I was an intern for three months. By working in the communications center since July, it has provided me with a great stepping-stone towards my goal of becoming a Police Officer. I have developed the skills to work in high volume situations, prioritize emergencies and responses, and communicate with officers. This experience has prepared me for situations Police Officers face in the field on a daily basis.

I attended M.L.E.T.A. Reserve Police Academy and received my Reserve Certificate in January. By completing this Academy, I hold all certifications necessary to become a Reserve Police Officer in Massachusetts. In January, I was hired as a Special Police Officer for the Town of Salisbury. I believe with this training and the knowledge I have gained through dispatching, I can be a great asset to your department.

By working with your department already, I hope you have found that I am a dedicated, reliable worker, striving to not only succeed at the task at hand, but to also make a difference. I am very detail-oriented, conscientious and professional. Your department has already exceeded my expectations and provided me with amazing opportunities. I believe I am ready to accept the responsibilities and duties of a Special Police Officer and appreciate consideration for this position.

I would like to express my appreciation for giving me the opportunity to become part of your department. I look forward to hearing from you. Enclosed please find my resume. I can be reached at 978-518-5494, or at m_falite@salemstate.edu.

Ed Ramsdell, Chair
Zoning Board of Appeals
60 Pleasant St.
Newburyport, MA 01950

May 3, 2016

Dear Mr. Ramsdell,

On April 12, 2016 the Zoning Board of Appeals (ZBA) heard a request from the 77 Lime St. property developers to modify the existing Special Permit (2016-013). The issue before the ZBA was that the Gambrel structure was built to height 27' 5" instead of 26' 3" as shown on the approved plans. The developer, 77 Lime Dev. LLC is seeking relief for the change in height through modification of the existing Special Permit.

Following testimony from the developer and public comments, the ZBA discussed the facts related to the removal of the roof to reduce the height to the approved plan. It was acknowledged that it would be costly to reduce the height based upon the estimate of \$120,000 to \$130,000 and the fact that the developer offered an alternative mitigation which should be discussed. The developer proposed that \$15,000 would be donated to the Newburyport Preservation Trust and \$15,000 would be donated to the restoration project of the Unitarian Church Steeple. The ZBA requested that the developer meet with the mayor to discuss an appropriate mitigation and report back to the Zoning Board relative to any discussions and/or resolutions with regards to the mitigation.

A meeting was held on April 26th, 2016 with the developers and their Attorney Lisa Mead for the purpose of this discussion. The Preservation Trust reported that they have no interest in receiving the \$15,000 in suggested funding and the City prefers a more direct benefit to the Lime St. neighborhood than a donation to the steeple project. The parties finally agreed to the following:

1. The window replacement on the original building would be completed prior to the May ZBA meeting noting the roofline prohibits one of the requested windows to be replaced. This work will be directly approved by the Building Commissioner. (While I agree this was not part of the direction of the Zoning Board, nor do I as mayor have any authority over the enforcement of the permits, given that the developer had agreed with the Zoning Board that this would occur, the developer and I thought it should be reiterated here.)
2. A mitigation fee of \$40,000 with a potential additional \$10,000 to be paid to the City to be used to benefit the South End neighborhood surrounding the Lime St. property as follows: \$40,000 will be paid

to the City upon the closing of the unit known at 93 Prospect and if that unit is sold for one million dollars or more then, \$10,000 will be paid to the City at the same time.

3. Developer will work with the City to resolve and complete the fencing between the Gambrel at 77 Lime St. and the Brown Youth Center.

Please do not hesitate to contact me if I can be of further assistance.

Sincerely,

Donna D. Holaday
Mayor

RECORD OF PROCEEDINGS AND DECISION FOR
A SPECIAL PERMIT FOR NON-CONFORMITIES

An application for a Special Permit for Non-Conformities was filed by:

Lime Dev. LLC c/o Blatman, Bobrowski, Mead & Talerman, LLC
30 Green Street
Newburyport, MA 01950

for property owned by **Lime Dev., LLC** for the following request:

modify existing Special Permit for Non-Conformities to allow a building height with front and side elevations of 127' 5 1/4" instead of 126' 10" as shown on the approved plans

The application was filed at the City Clerk's Office on **12/17/2015** under the Zoning Ordinance Section X-H.3 Powers of the Board and Section **IX.B.2 Extension or Alteration**.

The application is for the premises at **77 Lime Street** in the **R3** Zoning District, as indicated in the Newburyport Assessor's Office as map and parcel **21-1** and recorded in the Essex South District Registry of Deeds as Book and Page **33657-331**. The newspaper notices for the public hearing were posted on **1/11/2016** and **1/18/2016** in the Newburyport Daily News.

A public hearing was held for the above application on **5/24/2016** at 7:15 p.m. at which time the Board heard the petition for a Special Permit for Non-Conformities. After the close of the hearing on **5/24/2016**, upon motion made by **Duncan LaBay** and duly seconded by **Richard Goulet**, the Board voted to **APPROVE** the petition for the Special Permit for Non-Conformities.

The following members present and voting, and voting as follows with respect to the petition:

Robert Ciampitti	<u>Absent</u>	Duncan LaBay	<u>Yes</u>
Jamie Pennington	<u>Yes</u>	Richard Goulet	<u>Yes</u>
Edward Ramsdell, Chair	<u>Yes</u>	Renee Bourdeau, Associate	<u>Not Voting</u>

Having received the necessary two-thirds super majority vote or all the members of the ZBA, in accordance with M.G.L. c.40A, Section 9, as adopted, the petition for the Special Permit for Non-Conformities was therefore **APPROVED**.

FINDINGS

After the public hearing, in accordance with the criteria set forth in the City of Newburyport Zoning

Ordinance Section IX.B Extension or Alteration, the Newburyport Zoning Board of Appeals made the following findings:

1. The applicant is seeking a SPNC to allow a building height with front and side elevations of 127'-5 1/4" instead of 126'-10" as shown on the previously-approved plans.
2. At a hearing in January the Board requested to be able to view what the structure would look like if the current structure's roof height was reduced to that called out on the approved plans. This would aid the Board in determining the impact of the height and architecture on the abutting properties and character of the neighborhood. In a continuation of the hearing held on April the applicant presented 3 options - 1. The top of the roof is taken off so the mean height comes into compliance. The applicant was not considering this option, as it is not aesthetically pleasing. 2. A portion of the roof would be taken off, leaving 2' on side gables. Rails would be added to give the look of a 'widow's walk and 3. Reduce the roof in height by removing pitch and replacing with a shallower pitch and lowering the eaves. The Board was disinclined to approve these proposals. Also during the April hearing the applicant raised the possibility of making some contribution to local preservation options as an option. The Board again suggested that the applicant seek an continuance and further explore options. The applicant then requested a continuance to 24 May 2016 and this was granted.
3. At the May 24 hearing the applicant proposed a payment in mitigation to the City of \$40,000 to be used to benefit the neighborhood of the structure and an additional \$10,000 if the structure sells for \$1 million or more - these payments due upon closing of the unit known as 93 Prospect Street. Additionally the applicant will work with City to resolve and complete the fencing between 77 Lime Street and the Brown Youth Center.
4. All the existing non-conformities are remaining the same with the allowance in height increase from the original plans as requested.
5. Evidence was presented and the Board found that the proposed change continues to be in conformity with the neighborhood and will not be substantially more detrimental to the neighborhood than the pre-existing non-conforming structure originally proposed when the benefits of the offered mitigation to the City and the neighborhood are considered.

CONDITIONS OF APPROVAL

The following conditions do not limit any other rights and remedies the City of Newburyport may have.

1. This Special Permit for Non-Conformities shall not take effect until a copy of this decision bearing the certification of the City Clerk is recorded in the Essex South Registry of Deeds or is recorded and noted on the owner's certificate of title. The fee for recording or registering shall be paid by the owner or applicant.
2. This special permit will lapse after two years if a substantial use has not commenced except for good cause or, in the case of a permit for construction, if construction has not commenced except for good cause. Excluded from any lapse period is the time required to pursue or await the determination of any appeal taken pursuant to MGL, Chapter 40A, Section 17.

3. A payment in mitigation to the City of \$40,000 to be used to benefit the neighborhood and an additional \$10,000 if the structure sells for \$1 million or more - these payments due upon closing of the unit known as 93 Prospect Street. This payment(s) will be deposited into a stabilization account to be created, called the "Brown School Property Fund."

4. The applicant will work with City to resolve and complete the fencing between 77 Lime Street and the Brown Youth Center.

5. It is also noted that the window replacement in the original structure was completed prior to the May hearing date as promised by the applicant.

This decision was filed with the Newburyport City Clerk on **6/3/2016** and sent registered mail to the applicant and by regular mail to the Parties in Interest and the abutting Municipalities.

Edward L. Ramsdell

Subject: FY2017 Proposed Budget

I am pleased to submit, forthwith, the City of Newburyport's Proposed Budget for fiscal year 2017. The proposed budget includes funds for the general operation and maintenance of the municipal government, education and debt service. Copies of the proposed budget will be made available to Councilors at your May 9, 2016 meeting.

As we slowly emerge from these challenging economic times, we have made difficult but deliberative choices to ensure our City remains on solid financial ground. We have moved forward on long overdue infrastructure needs and are working diligently to address the growing list of streets and sidewalks in need of repair. We must also remain dedicated to rebuilding our school programs and this year's budget demonstrates my continued commitment to doing so.

Although we are presenting a budget that allows us to maintain current level of programs and services, we must continue to be vigilant in efficiently managing these resources and maximizing benefits provided across the City. The development of this comprehensive budget and capital plan was a team effort and I am very grateful to the Finance Team members: Julie Languirand, Treasurer, Dan Raycroft, Assessor, and especially Heather Rowe, former Chief Administrative Officer and Ethan Manning, Finance Director/Auditor. Mr. Manning deserves much credit and recognition for his leadership and diligence in preparing this FY 2017 budget. We are proud to submit this budget to you for consideration and look forward to working with you over the coming weeks to finalize this process and begin FY2017.

WHEREAS, the City of Newburyport and the Town of West Newbury are each obligated to provide animal control services to their residents; and

WHEREAS, the City of Newburyport and the Town of West Newbury have determined that their residents can more efficiently and effectively be served with such services through a joint undertaking between the communities; and,

WHEREAS, the City of Newburyport and the Town of West Newbury have determined to join together to establish and administer a program of shared Animal Control Services.

NOW THEREFORE, in consideration of the mutual covenants and agreements hereinafter contained, the parties agree as follows:

Article 2. Definitions

Participating Governmental Units: the City of Newburyport and the Town of West Newbury.

Animal Control Services: Any and all services as required of an Animal Control Officer under applicable Massachusetts Laws and regulations, including but not limited to MGL Chapter 140, Section 151 *et seq.* and MGL Chapter 129, Section 15 *et seq.*

Article 3. Term

This Agreement shall take effect on the 1st day of July 2016, for a one year term that may be extended by up to two additional one year terms commencing on July 1, 2017 and July 1, 2018. Any such extension term shall be subject to approval by the City of Newburyport, as authorized by its City Council and approved by its Mayor, and the Town of West Newbury, as authorized by its Board of Selectmen. The Participating Governmental Units shall give each other notice of whether or not they wish to extend this initial one year term at least ninety days prior to the annual Town Meeting of the Town of West Newbury but no later than ninety days prior to June 1st of the then-current term, unless another date is mutually agreed upon in writing. Should the

parties fail to extend this Agreement by written addendum hereto, the agreement shall terminate upon the last day of the then-current term.

Article 4. Lead City

The City of Newburyport shall act as the “lead city” for the Participating Governmental Units, by employing the necessary officers and providing the necessary equipment, vehicles and kennel to perform said Animal Control Services. Said officers shall be considered employees of the City of Newburyport and be accorded all applicable benefits enjoyed by other Newburyport municipal employees as they are or shall be established. Each such officer must be a Massachusetts certified Animal Control Officer (excepting that new employees may acquire such certification within two years of the commencement of employment). Said certification must be maintained during the term of this Agreement. The office where such officers shall be primarily located will be in Newburyport.

Article 5. Funding Contribution

During the Fiscal Year 2017 (July 1, 2016 – June 30, 2017), the Town of West Newbury shall pay the City of Newburyport for animal control services a total sum of \$20,000.00 to be paid in four equal quarterly payments of \$5,000.00 on or before August 1, November 1, February 1, and May 1. This payment shall include all applicable expenses incurred by the City of Newburyport in providing Animal Control Services on behalf of the Participating Governmental Units, including, but not limited to, salaries, group health insurance, workers’ compensation insurance, and all other applicable benefits. Nothing herein shall prevent the parties from mutually agreeing in writing to change the funding contribution during the initial term or any extended term of this agreement, subject to available appropriation.

Article 6 Financial Safeguards

Under the provisions of M.G.L. Chapter 40, §4A, the City of Newburyport Director of Public Health shall provide to the Town of West Newbury periodic financial statements that shall include: accurate and comprehensive records of the services performed under this agreement; the costs incurred; and the reimbursements and contributions received. Such reports shall be compiled and distributed by the Health Director on a quarterly basis. In addition, all bills and payrolls submitted for work done under this regional agreement shall be plainly marked to indicate that the work was done under the authority of this agreement.

The accounting records of the Newburyport Animal Control Services, working under the direction of the Newburyport Director of Public Health, shall be subject to the City’s annual audit process and shall be subject to periodic audit by the Newburyport City Auditor as is current practice.

Article 10 Indemnification

In the event that any claims, demands, suits, causes of action, costs, and expenses arise with respect to the services provided pursuant to this 'agreement, and to the extent permitted by Massachusetts General Laws chapter 258 and other applicable law, a Participating Governmental Unit shall indemnify, defend and hold harmless the other participating Government Unit from and against any such claims, demands, suits, causes of actions, costs and expends, including reasonable attorneys' fees and legal costs, but only to the extent that they arise from or relate to the negligent acts or omissions of the first Participating Governmental Unit, or its agents, servants, or employees, By entering into this Agreement, neither of the parties have waived any governmental immunity or limitation of liability or damages which may be extended to them by operation of law. This Agreement is by and between the municipalities which have executed it and each states that this is intended for their mutual benefit alone and is not intended to confer any express or implied benefits on any other person. This Agreement is not intended to confer third party beneficiary status on any person.

Article 11 Operation of Animal Shelter Facilities

The City of Newburyport shall maintain and operate an Animal Shelter Facility under the following terms and conditions.

I. OPERATIONS:

- a. The Animal Shelter Facility shall be accessible to the citizens of each Participating Governmental Unit for the retrieval of impounded animals during normal business hours, Monday through Friday 8AM to 4PM by appointment. Weekend hours will be provided by appointment only. Notice shall be posted conspicuously and in a readily accessible format in the main municipal building of both Participating Governmental Units which states the hours of operation and an emergency telephone number for use by residents to retrieve their pets. Such information shall also be made available on each respective Participating Governmental Unit website. The animal shelter shall be able to accept impounded animals 24 hours a day, 365 days a year.
- b. Newburyport will provide daily supervision, food, water and humane care to animals boarded at the shelter.
- c. All Animal Control Officers will log in each time they enter the Animal Shelter Facility. The sign-in sheets will be submitted monthly to the Director of Public Health.
- d. The Animal Shelter Facility is to be solely used for the impounding of animals and to be used by Animal Control Officers only. There shall be no entry of other persons in the shelter without the consent of the City of Newburyport Director of Public Health.
- e. Newburyport will be responsible for the Animal Shelter Facility cleaning/sanitizing supplies, maintenance, heat, water, electric and other utility costs incurred in connection with the operation of the Facility.
- f. Newburyport will be responsible to keep the Animal Shelter Facility and associated kennels maintained, clean, and sanitary on a daily basis. Excreta and food waste shall be removed from primary enclosures daily and from under enclosures as often as necessary to prevent an excessive accumulation of feces and food waste, to prevent soiling of the animals contained in the enclosures, and to reduce disease, hazards, insects, pests, and odors. The condition of the kennels and quality of care is to be of a high caliber and performed to the standards established by the City of Newburyport Director of Public Health.

- g. Boarding facilities shall include a sheltered kennel unit with cages and/or runs that protect the animals from precipitation, and extreme hot (100°F or greater) and cold (45°F or less) conditions. Except in emergency situations, as determined by the Newburyport Animal Control Officer, no more than one adult animal shall be kept per cage.
- h. Newburyport will be responsible for ensuring that an ill or injured animal is treated promptly by the respective Participating Governmental Unit's contracted licensed veterinarian, depending on the nature and/or seriousness of the illness or injury, and that any prescribed medication is promptly obtained and administered.

II. FEES:

- a. Owners who reclaim animal(s) shall make payment to the City of Newburyport prior to reclaiming their animal(s) for all boarding fees (\$35.00 per day for each animal) and all other fees related to shelter services provided per day per animal.
- b. Newburyport shall provide invoices, collect monies and keep records of all required fees received from owners. Invoices provided to owners who are retrieving their animal shall include the date that the animal was delivered to the shelter, the per day shelter rate, the number of days that the animal was sheltered, medical bills as applicable, and total fee due and collected.
- c. Each Participating Governmental Unit shall be responsible for the direct costs to care for the animals which originate from said community, including but not limited to flea treatments and any veterinary costs. For the purposes of this agreement, "veterinary costs" shall include rabies vaccinations, health evaluation, treatment of minor curable diseases and euthanasia.
- d. Each Participating Governmental Unit shall pay any additional costs associated with the transport and removal of animals from their community if an animal is not claimed or is injured.
- e. Newburyport may add a surcharge of up to ten (10) percent (not to exceed \$25.00) to medical bills to cover certain incidental costs relating to

transportation of an animal to a veterinarian's office, telephone expenses incurred in connection with medical treatment, and any special care involved. Bills must support all medical charges and receipts bearing the name of the veterinarian or firm from whom they were obtained.

- f. Fees for animals that are unclaimed by the owner at the end of the maximum seven (7) day holding period shall be paid by the Participating Governmental Unit where the animal originated.
- g. All fees and receipts from boarding and all other services related to the shelter shall be submitted monthly to the City of Newburyport Health Department.

III. RECORD KEEPING: Each Participating Governmental Unit's Animal Control Officers shall maintain an impound record on each animal delivered to the Animal Shelter Facility. The impound record will be prepared and filled out by the appropriate Animal Control Officer and delivered to the Facility with the animal.

Upon discharge, one (1) copy of the animal's completed record shall be provided to the person claiming the animal and one (1) copy of each discharged animal's record shall be provided to Newburyport. If the agreement is terminated, all impound records shall be transmitted to the appropriate town.

IV. DISCHARGE:

- a. Claimed animals: Each Participating Governmental Unit will require the person claiming the animal to show identification (preferably a driver's license). In the case of a dog, a certificate of licensure is required of all dogs six (6) months of age or older for release.

In the event of non-licensure of a dog, the owner or person claiming the dog will be required to show proof of licensure prior to release by the Animal Control Officer. The Animal Control Officer will not be responsible for ensuring licensure of the dog.

In addition, the Animal Control Officer will provide the person claiming the animal with a full disclosure of any medical treatment rendered by a veterinarian and/or the Animal Shelter Facility and by whom it was rendered.

and a complete identification of any prescription or non-prescription medicine(s) administered to the animal while in custody. Finally, the Animal Shelter Facility must obtain the signature and the driver's license number of the person to whom the animal is released on the Impound Record.

- b. Unclaimed animals: Unless requested by the Newburyport Director of Public Health or West Newbury Police Chief to retain the animal for a longer period (2 to 4 additional days), animals will be picked up on or immediately following the seventh (7th) day of confinement by the Animal Control Officer. The written notice to extend shelter services from the Newburyport Director of Public Health or West Newbury Police Chief must accompany the reports to the city or town. The shelter may place such animals as are deemed suitable up for adoption in accordance with MGL Chapter 140, section 136A.

Article 12 Dangerous or Nuisance Dogs

In accordance with M.G.L. Ch. 140 Sec. 157, complaints regarding dogs must be filed with the hearing authority in the city or town in which the dog is owned or kept. For the purposes of this IMA, the hearing authority for the City of Newburyport and for the Town of West Newbury shall be the Mayor and the Board of Selectmen respectively. Both hearing authorities will consult with the relevant animal control officer(s) in their review and resolution of these complaints.

Article 13 Miscellaneous

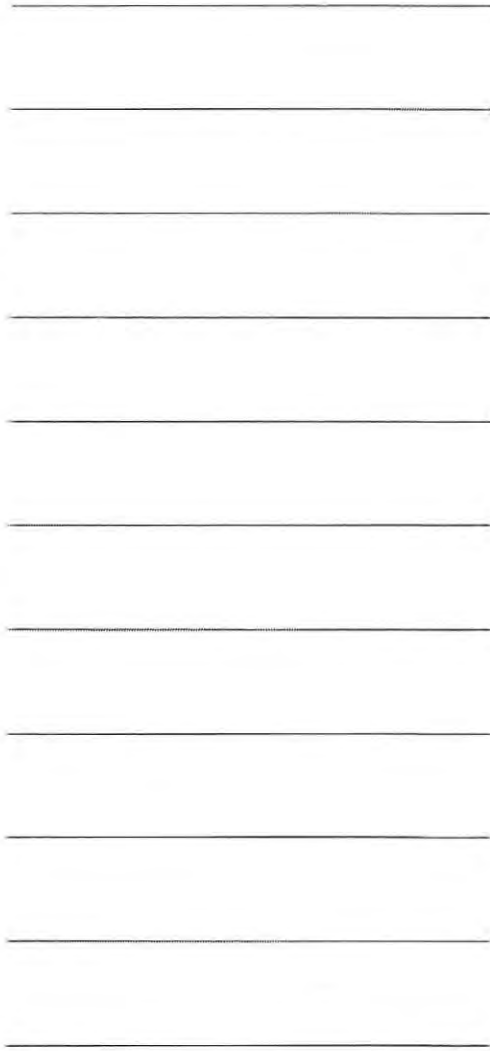

- a. This agreement may be amended in writing by vote of both of the Participating Governmental Units. Should additional municipalities seek to join this program of shared Animal Control Services, the terms agreed to herein, including apportionment of expenses, for such additional municipalities shall be negotiated and approved by both of the Participating Governmental Units.
- b. This agreement represents the entire understanding of the parties with respect to its subject matter.

Dear Town Official,

It is my pleasure to recommend favorably Robell Const., and President Mr. Bob Uflo.

I have served as Director of Public Works in Lunenburg for over twenty years and in that time have had the opportunity to work with, and inspect the work of this company. I have found them to be knowledgeable, courteous, and attentive to the needs of residents and customers alike.

It is my opinion that should you choose Robell Const. as a new vendor or subcontractor in your community that you will be as pleased as I have been with the result.

Please feel free to contact me if I can be of any further assistance.

- **Underground Utilities** must be:
 - Identified prior to opening the excavation (e.g., contact Digsafe).
 - Located by safe and acceptable means while excavating.
 - Protected, supported, or removed once exposed.
- **Spoils** must be kept back a minimum of 2' from the edge of the trench.
- **Surface Encumbrances** creating a hazard must be removed or supported to safeguard employees. Keep heavy equipment and heavy material as far back from the edge of the trench as possible.
- **Stability of Adjacent Structures:**
 - Where the stability of adjacent structures is endangered by creation of the trench, they must be underpinned, braced, or otherwise supported.
 - Sidewalks, pavements, etc. shall not be undermined unless a support system or other method of protection is provided.
- **Protection from water accumulation hazards:**
 - It is not allowable for employees to work in trenches with accumulated water. If water control such as pumping is used to prevent water accumulation, this must be monitored by the competent person.
 - If the trench interrupts natural drainage of surface water, ditches, dikes or other means must be used to prevent this water from entering the excavation.
- **Additional Requirements:**
 - For mobile equipment operated near the edge of the trench, a warning system such as barricades or stop logs must be used.

If a hazardous atmosphere is found to exist (e.g., $O_2 < 19.5\%$ or $> 23.5\%$, 20% LEL, specific chemical hazard), adequate protections shall be taken such as ventilation of the space.
 - Walkways are required where employees must cross over the trench. Walkways with guardrails must be provided for crossing over trenches > 6' deep.
 - Employees must be protected from loose rock or soil through protections such as scaling or protective barricades.
