

**City of Newburyport
Department of Public Services
Water Division
Water Treatment Plant Operator (T2)
AFSCME Union**

INTERNAL POSTING

Position: Water Treatment Plant Operator

Position Purpose:

The purpose of this position is to be responsible for the safe and efficient operation of the water treatment plant. Operator duties include laboratory test work, sampling, maintaining chemical feed equipment, record keeping, data collection, plant maintenance, and monitoring and adjusting flows. Maintenance duties include repair to pumps, motors and equipment, also maintenance to buildings and grounds of the waterworks facility. May be required to fill in for other operators during their absence and adjust the maintenance work hours.

Required Qualifications:

Must have a High School Diploma or GED, with 2 years of water treatment plant operation experience; or any equivalent combination of education, experience, and training. **Must have and maintain Water Treatment License T2, T3, or T4** through appropriate CEU classes.

Hours and Salary:

- 40 Hour Week (Monday – Friday rotating 7am – 3pm and 3pm to 11pm) plus required overtime
- AFSCME Union, Grade 16 **(T2)**
- Salary dependent on experience, ranges from \$22.38/hour to \$25.56/hour

Any interested party should send cover letter and resume to Tracy Maynard, tmaynard@cityofnewburyport.com, Human Resources Director, 60 Pleasant Street, Newburyport, MA 01950 by December 29, 2015.
