RE: Evergreen Commons 5/22/17 Application for Definitive Subdivision 18 Boyd Drive and 5 Brown Ave.

Dear Chair and members of the Board;

A letter dated June 27, 2017 was sent to the Planning Board regarding the Evergreen Commons after discussions were held at the Board of Health meeting on 6/15/17.

At our meeting Dr. Slocum made a motion to vote that recommendation be made to the Planning Board stating that the Board of Health has no concerns about the project and the Board would rather the funds for the two additional required tests instead be placed in a DPS fund for future use. The motion was seconded by Dr. Merabi. All in favor.

In conclusion the Board of Health, after review of the testing results and application, recommends that the \$10,000.00 be placed in a DPS fund for future use regarding the Evergreen project rather than being used for testing during construction.

Please be advised that the Board of Health's review included the Evergreen Commons definitive plan as well as the Water Resource Protection District Application.

Respectfully Submitted,

For the Board of Health

Frank P. Giacalone, Director of Public Health
