CONSENT AGENDA

CITY COUNCIL MEETING MINUTES
CITY COUNCIL CHAMBERS

July 11, 2016

7:30PM

The City Council President, Thomas O'Brien, called the meeting to order at 7:30pm. A moment of silence was held for Francis Larkin and for the victims of the recent violence in Dallas, TX, Baton Rouge, LA, Minnesota and Michigan, followed by the Pledge of Allegiance. The City Council President then instructed the City Clerk to call the roll. The following Councillors answered present: Connell, Cronin, Eigerman, Giunta, Tontar, Vogel, Zeid, Cameron, O'Brien. 9 present, 2 absent (Councillor Devlin and Councillor Earls).

Subject: Transfer from Park Maintenance to Personnel

The Parks Department has decided it will be more cost effective to discontinue paying a contractor to manage the pet waste stations located throughout our parks and manage pet waste in-house. The service has been costing the city about 12,000/year. We have paid a contractor for July, which leaves \$11,000 that would have been spent on that contract for the rest of FY17. In an effort to get more value for our money, I would like to transfer \$10,000 to Personnel to hire a part-time, year-round staff person who would cover the pet waste management as well as perform other, much needed tasks. I have attached a transfer request to reflect this change.

Thank you I would really appreciate it very much. Not sure where they are licensed but its not Salisbury and if it is Newburyport no matter what they are not a license taxi company in Massachusetts with NH regular car plates and a magnet door sign. State regulations are very clear about it. So again thank you and hope you can get to the bottom of what is going on.

Subject: Port Taxi Complaint

Hi Bruce,

I just received a call from a woman who was very upset with the service she has received from Port Taxi. She also asked me look at the reviews on Yelp <http://www.yelp.com/biz/port-taxi-salisbury> Which I did and it is instructive.

When you are back from vacation, maybe we can discuss the matter...

Thanks,

Richard

Worst service there is!!! How is it when you call a day in advance to set up a time they can be a half hour later? This is after stressing the how important it is to be somewhere. They really don't seem to care and calling and complaining does not good. This company is obviously content with the lack of quality and cleanliness of their business.

Every time I tried to use them from the NBPT train station to my house they were late. This was really annoying in winter as I had to wait out side (one time up to 25min) in freezing cold weather. One time I tried to use them from my house to train station and they were so late that I missed the train. I stop using their services after that.

Enjoyed reading these God awful reviews as I was waiting on the taxi (which I called an hour in advance and allowing the to be a half hour late cuz that's how they roll) when I realized they were not coming. Oh well I'll walk to commuter rail and grab the next train. Ah, a friend comes by and offers a ride. Thanks for nothing Port!

This cab company is completely irresponsible and negligent. There is very little a customer can do to avoid receiving poor customer service and also being lied to. The company will not make any amends when they cost customers money by missing trains, buses etc

I did not even want to give 1 star. They used to be so good always picked up a dn never just not showed up. But now they never pick up and I can't tell you how many time's I have had to pick up friends because the taxi never showed. At this rate I should just start my own company.

I called Sunday to book an appointment for Tuesday at 12noon. The driver, Dave confirmed the booking. Comes, Tuesday, 5 minutes before the scheduled appointment. I called Dave and only to find out that nobody is coming to pick me up. That guy who answered the phone apparently said he was not Dave but in knew it was him and HE SUCKS! Very unprofessional! My time is important and they messed it all up!

Two stories..#1 I arrived at the bus station in Nbpt, coming in from Logan Airport. The cab was there on time..we were headed to my address when the driver passed Low street, and then told me that he had another fare to pick up. The woman that he picked up, got into the van and lit up a cigarette! I asked her to please put it out. She said ' sorry, I didn't know you were back there' .So, off we go, in the opposite direction of my home..Again! He stops at a house gets out, and helps a drunken man into the van. We continue on to the NE boat club, where once again he has to help the drunken man into the club. The time from bus station to my door, 38 minutes! This is generally a 5 minute drive.

#2 I called the cab company at 2:20 today, and they told me a couple of minutes..40 minutes later, the mini van pulled up. I gave the young woman my destination, Corner of High and N Atkinson streets. She asked 'Where's High Street' ? For those of you who live in the Port, I know you re laughing, as High Street is the main street. I gave her directions, and she immediately stepped on the gas and blew right through a 4 way stop sign intersection! I was like..STOP sign!!! Then I told her the next left, she drove straight past..I then told her she had missed the turn. She yelled into the back seat and told me that if I didn't tone it down, she would make me leave the cab! I told her that she had scared the heck out of me and to please just let me out.. NEVER,NEVER again...It's horrifying that we don't have a proper cab company in Newburyport...The End..

The Departments listed above have their own application process. Applicants are responsible for applying for and obtaining all required permits & certificates from the various individual Departments.

Limitations

- (a) *"Procedure"* All road racing, walkathon, bicycle, or swimming events shall, through that event's organizer, board of directors, charity foundation or designee apply for authorization to hold the event through the Office of the City Clerk. The City Clerk upon review of the completed form will place the application on the regular City Council agenda. Upon following the procedures of the Council, as deemed appropriated in the sole judgment of the Council, the application will be considered approved if the Council votes favorably by majority. The event will name one person responsible on the application and shall provide contact information to include name, address and telephone number.
- (b) *"Exemptions"* Each event organizer or organization shall comply with this ordinance and no exemptions will be permitted.
- (c) *"Course map"*, All applications shall be accompanied by a course map showing the event route, water stops, refreshment stops, and so-called "porta-potties". The course map shall also include any road closures, detours and parking areas. The course map shall be approved by Police, Fire, Department of Public Services, Parks Commission and Harbormasters Departments prior to submission to the City Clerk.
- (d) *"Electronic Amplifier"* Electronic amplifiers, loudspeakers and bullhorn use shall be requested at time of application. Under no circumstances will they be used for public address announcements or music before 8:00 A.M. except for Sundays when electronic amplifiers, loud speakers or bullhorns will be used for public address announcements or music before 9:00 AM. This shall be deemed a requirement for all permitted events regardless of type or location.

- (e) *"Road Closure"* No ways, public or private, boat ramps or parking lots controlled or patrolled by the city shall be closed without authorization. Authorization shall be considered granted only if said closure(s) are contained in the approved permit. It is the sole responsibility of the race organizers to notify residents ten (10) days in advance that neighborhood roads will be closed if no alternate route is available to those residents.
- (f) *"Insurance"* All events shall have an insurance policy or rider in effect for the event naming the "City of Newburyport" as an insured. The policy shall be no less than two million dollars (\$2,000,000.00).
- (g) *"Event termination"* If in the judgment of the City Marshal, Fire Chief or Department of Public Services (DPS) Director or designees thereof determine that an event is unsafe due to existing conditions, that event may be stopped, terminated or suspended. In the case of a multidiscipline event such as a triathlon, the Harbormaster or his/her designee may likewise stop, terminate or suspend the swimming portion for cause.
- (h) *"Event and traffic Security"* The City Marshal, Fire Chief, DPS Director or in the case of a triathlon, the Harbormaster can require special duty personnel to oversee the safety and security of the event. All special duty assignments will be paid by the event organizers.
- (i) *"Clean-up"* The event organizers shall be responsible for post event trash collection, removal of signage, directional arrows, advertisements or other promotional material associated with the event.

13-101 Enforcement

- (a) *"Regulations"* Consistent with this ordinance, the city shall promulgate regulations to enforce and otherwise implement the provisions of this ordinance upon passage by the City Council. Any event previously approved by City Council shall be deemed permitted.
- (b) *"Warning"* In the circumstance that this ordinance is violated, the enforcement may consist of a warning. Any warnings issued for violation(s) will be reported to the City Clerk and City Council and may be used as a factor in future application approvals and denials.
- (c) *"Noncriminal Disposition"* If the city determines that a violation has occurred in which a noncriminal violation is issued, the named event organizer shall be penalized by a non-criminal disposition as provided in Massachusetts General Law as adopted by the City of Newburyport as a general ordinance in Subsection 1-17 of Chapter 1 of the Code or Ordinances of the City of Newburyport in the amounts set herein in 13-101(d)
- (d) *"Violation"* The non-criminal violation shall be \$100.00 for the first offense and \$250.00 for second and subsequent offenses. Any non-criminal citations issued for violation(s) will be reported to the City Clerk and City Council and shall be used as a factor in future application approvals and denials.

I fully understand and agree to all the terms set forth in this application. The information that I have provided is truthful and accurate. I accept all responsibility related to this event.

Tom,

I am writing you to raise a concern that is in my neighborhood (Marquand Lane).

For well over a year my next-door neighbor brings home his 24-foot flatbed tow truck (with Happy Hooker written on the side) and is and out all hours of the night if he is on call. Recently the truck remains parked at the residence 24/7 and sometimes there are trucks parked on the street.

2016 AUG 5 3 A 9:47
RECEIVED
CITY CLERK'S OFFICE
NEWBURYPORT, MA

In the winter when he leaves the truck parked on the street, it interferes with the snowplows. When the plows have to go around the Happy Hooker next door it creates a snow bank 5 feet from the curb in front my house because plows can't make the swing in fast enough.

On the nights he is on call there is excessive truck noise as it backs up, which includes truck doors banging, the beeping of the truck as it backs up, and engine noise.

A truck parked in a kid friendly neighborhood with a name Happy Hooker written on the side of it is inappropriate. This is an eye soar and detracts from our property values.

I as well as other neighbors have attempted to discuss this with the property owner to no avail, stating there is no city ordinance.

It is shocking that the city of Newburyport has an ordinance against plastic bags but nothing to restrict LARGE commercial vehicles being parked in neighborhoods.

I am asking for your help in making this a city ordinance to preserve our property values.

Thank you, Laurie O'Donnell 978-499-0930 – 29 Marquand Lane

Dear Councilor O'Brien and Fellow Councilor Members,

On September 21st the world celebrates Gratitude Day. Here at Atria Merrimack Place we have been talking about, exploring and sharing *The Wisdom of Gratitude* all year long. We want to spread the word and the positive energy to the Newburyport community.

The idea is very simple. We are looking to put up 3 sandwich boards in the downtown area: Upper State Street, Market Square and on Inn Street from 11:00am-1:00pm on the 21st, weather permitting. The board would let folks know its World Gratitude Day. A resident and staff member would be stationed at each board. On large size postcards, that we would hand out, we would ask folks to write or draw what they are grateful for, which we would then post on the sandwich boards and share for all to see. As a thank you to those folks we would give them a smiley face cookie, made in our own kitchen. (We do have a valid food permit with the City.) It is our hope to fill both side of each board with lots of notes.

At noon time our own Merrimack Place Chorus would lead a sing-a-long of upbeat, uplifting songs for about 30 minutes in Market Square. I'm hoping to be joined by members of other choruses.

It is a simple idea. The intent to is raise awareness about World Gratitude Day and to just have folks stop and take a moment to think about what is good and wonderful in their lives and what they might be grateful for. We are trying to spread positive thoughts and smiles throughout Newburyport.

I thank you for your consideration in this matter and look forward to your response.

Sincerely,

A handwritten signature in black ink that reads "Jill Ramsdell".

Mayor Donna Holaday

Dear Mayor Holaday:

Please consider me for appointment as Alternate Tree Commissioner. I would like to have a vote on matters related to trees as needed by our Tree Commission. Besides their aesthetic value, trees provide the economical and ecological benefits of purifying our air, absorbing rainwater, providing habitat for animals and birds and reducing energy demand.

I joined the Friends of Newburyport Trees early this year and have enjoyed working with this enthusiastic board. To both engage the community and help publicize FoNT's service projects and fundraising, I have been connecting with the press and posting monthly updates to my blog <http://branchingoutinnewburyport.blogspot.com> on social media. I've become familiar with the basic operations of the Tree Commission and its collaboration with the Department of Public Service to preserve and protect our urban forest.

My resume is attached. I look forward to meeting with you to discuss my participation.

Respectfully,

Kim Kudym

Donna Holaday
Mayor, City of Newburyport
60 Pleasant Street
Newburyport, MA 01950

Dear Mayor Holaday,

I recently mentioned to my neighbor, Jim McCarthy, that I was interested in getting more involved with our wonderful city. Jim suggested that the Planning Board might be a good fit.

As I have a keen interest in the historic charm and character that makes Newburyport so special and in learning more about the city's master plan, I would like to formally volunteer for service on the Planning Board.

My wife Susan and I moved to Newburyport in November 2013 with my previous employer, Dex Media (a legacy company of Verizon). I have since retired after 28 years with that company. My most recent assignment was regional vice president of sales for New York, part of New Jersey and all of New England. Prior to that I held a similar position for the Midwest.

As you can see from my attached resume, I have lived in several locations during my career, including large cities like Toronto, coastal cities like Myrtle Beach and mid-sized cities like Fort Wayne, IN, and Lexington, KY.

I also have experience in community journalism, serving as editor of The Morehead (KY) News and vice president of operations for a chain of weekly newspapers. As editor, I regularly covered and reported on city government, so I can relate to some of the issues and challenges that local leaders often face.

I enjoy being involved and I'm eager to find ways to make Newburyport even better. In addition to helping Jim with some of his community projects around town, I do volunteer landscape maintenance (mowing and weeding) for the Newburyport Art Association's outdoor garden.

I look forward to serving in any way I can.

Please note: I will be out of the country from July 6-19.

Sincerely yours,

Joe Lamb

**NEWBURYPORT COMMUNITY PRESERVATION COMMITTEE
RECOMMENDATIONS FOR FY17 APPROPRIATIONS**

The Newburyport Community Preservation Committee recommends that the City Council appropriate \$1,085,356.31 from Community Preservation Fund Revenues for the projects, in the amounts, in the categories, and subject to the conditions hereinafter described.

The following CONDITIONS are common to recommended projects #1 through #10:

- A. Each recipient of funds is required to submit to the CPC a written report on the status of the project by each October 15, January 15, April 15 and July 15 following appropriation and until final completion of the project.
- B. If a project is not completed within twelve (12) months of appropriation, the grantee must submit a written request to the CPC for an extension of the grant. Otherwise, funds may be subject to rescission and returned to Community Preservation Fund Reserves (applicable to appropriations, not to reservations).
- C. Full funding is conditioned upon the receipt of state matching funds, estimated to be 19% of local revenue, expected in November 2016.

Attached are:

1. One page summary spreadsheet of all CPC recommendations.
2. Recommendations for appropriation numbers 1-15, with project summaries for each.
3. Criteria for project evaluation adopted and published by the CPC.

Estimated Community Preservation Fund Revenues available for appropriation or reservation in FY 2017 total approximately \$1,108,020.89. This figure includes estimated receipts of the local CPA surcharge through fiscal year end 2016, accumulated interest, the anticipated 19% state matching funds anticipated to be received in November 2016, current uncommitted funds and returned funds from completed and closed-out projects.

Applications for all projects are available for review in the Office of Planning & Development.

Respectfully submitted by:

Community Preservation Committee Members

**PROJECT NO. 1
YWCA AT HILLSIDE**

The CPC recommends the appropriation of \$150,000 from the FY 2017 Estimated Revenues to the YWCA Greater Newburyport to support the creation of ten (10) affordable housing units, two of which will be handicap accessible.

The CPA category for this appropriation is Community Housing.

Project Summary

These ten affordable units, located in one structure, will be a part of the larger Hillside Center for Sustainable Living residential community. Of these ten units, six (6) will be reserved for individuals whose income falls at or below 30% Area Median Income (AMI) and four (4) units will be for individuals whose income falls at or below 50% AMI. Two (2) units will be created for handicap accessibility. Tenants at the YWCA at Hillside will be encouraged to volunteer working on Hillside's organic farm and participate in community events to ensure that they are connected to and incorporated into the larger Hillside Center community.

**PROJECT NO. 2
CLIPPER CITY RAIL TRAIL AND HARBORWALK, PHASE II**

The CPC recommends the appropriation of \$100,000 from the FY 2017 Estimated Revenues to the City of Newburyport through its Office of Planning & Community Development to support the construction administration costs for Phase II of the Clipper City Rail Trail and Harborwalk.

The CPA category for this appropriation is Recreation.

Project Summary

The City of Newburyport has been working on the Clipper City Rail Trail for well over a decade, but conversion of the old Eastern Line railroad corridor into a multiuse, recreation trail was finally completed 2010. This first phase of the Rail Trail Project now allows people to walk, run and bike between the commuter rail station and the Merrimack River.

Phase II of the Rail Trail will extend 1 ½ miles between the eastern edge of Newburyport's central waterfront and Parker Street in Newbury, travelling along the shoreline of the Merrimack River, through the South End residential neighborhood, and through a woodland. The trail will primarily run along the corridor of the old City Branch Rail Line. This funding will be used toward the construction management administrative costs associated with overseeing the physical construction of Phase II.

**PROJECT NO. 3
NEWBURYPORT AFFORDABLE HOUSING TRUST**

The CPC recommends the appropriation of \$50,000 from the FY 2017 Estimated Revenues to the Newburyport Affordable Housing Trust (NAHT) to be placed in its Affordable Housing Trust Fund (the "Fund") so the NAHT may continue its efforts to support and develop affordable housing for low and moderate income households

The CPA category for this project is Community Housing.

Project Summary

The NAHT has been entrusted by the community to watch over the Fund and judiciously allocate funding to projects and initiatives that promote affordable housing in Newburyport, educate the community on the benefits of having a diverse housing stock, and advocate for both public and private housing development projects that include affordable units. This funding will allow the NAHT to grow the Fund to allow for prompt action when affordable housing opportunities present themselves, in a similar way as when open space purchase opportunities arise. Funding may be used to incentivize affordable housing developers to provide deeper levels of affordability to meet a variety of local housing needs, prevent the loss of income-restricted units, support individuals and families in Newburyport with low to moderate incomes, and also to provide a local financial match for a housing development project.

**PROJECT NO. 4
HISTORIC STRUCTURE SURVEY UPDATE PROJECT**

The CPC recommends the appropriation of \$15,000 from the FY 2017 Estimated Revenues to the Newburyport Historical Commission to update the City's historic structure surveys so that all of the contributing buildings within the National Register Historic District, along with the historic outbuildings, have proper documentation that will aid in the long term preservation of Newburyport's historic built environment.

The CPA category for this project is Historic Resources.

Project Summary

Newburyport finds itself in a challenging situation with regard to historic preservation. Local ordinances aimed at preserving the City's historic structures depend on building surveys known as 'Form B's'. This project will (1) capture principal structures that are within the National Register District, but which lack Form B's; (2) survey historic accessory structures, such as carriage houses, barns and the like, and prepare a Form B for each; and (3) update existing survey forms whose historic or architectural information is known to be incorrect.

**PROJECT NO. 5
THE TRACK AT FULLER FIELD
IMPROVEMENT & RENOVATION PROJECT**

The CPC recommends the appropriation of \$150,000 from the FY 2017 Estimated Revenues to the City of Newburyport Parks Department for the renovation of the track and field facility at the Bradley Fuller Athletic Field on Low Street.

The CPA category for this project is Recreation.

Project Summary

Since the spring of 2014, the City has deemed the track at Fuller Field unsafe and off-limits for competitive events due to crumbling subsurface, erosion of top surface, and poor drainage leaving a void to the entire fitness and sports community of Newburyport. This improvement and renovation project includes a reconfigured, 8-lane, all-weather, 400-meter, oval running track with new long jump, triple jump, pole vault systems, shot-put landing area, shot-put pad, and discus pad with cage. Additionally, this project will improve the parking and drop-off area, enlarge the natural grass field in the center of the track, install wiring for future lighting and scoreboard, construct a 500-seat grandstand and press box, install new fencing and concrete walkways, and improve overall drainage of the site.

**PROJECT NO. 6
JOPPA PARK RENOVATION PROJECT, PHASE II**

The CPC recommends the appropriation of \$25,000 from the FY 2017 Estimated Revenues to the City of Newburyport Parks Department to complete Phase II of the larger improvement project at Joppa Park on Water Street.

The CPA category for this project is Recreation.

Project Summary

Phase I of the Joppa Park Renovation Project, completed in Spring 2012, included the installation of a granite bollard and chain fence accompanied by a rose hedge along Water Street with four cobblestone pedestrian entry points leading from the Water Street sidewalk to the park. Phase II of this project involves the installation of new benches and interpretive panels as well as a redesign of the public boat ramp and parking area. The installation of the benches is complete; a portion of FY 2017 funding, approximately \$8,000, will be used to complete the installation of the interpretive panels. The remaining \$17,000 will be used for the design and creation of bid documents for the boat ramp and parking area. These documents are required in order to access the State's reimbursement funding program for the physical construction of the boat ramp and parking area.

**PROJECT NO. 7
OPEN SPACE RESERVE FUND**

The CPC recommends the reservation of \$100,000 from the FY 2017 Estimated Revenues to the Community Preservation Open Space Reserve Fund. Use of reserve funds are subject to future CPC recommendation and City Council appropriation for specific projects.

The CPA category for this reservation is Open Space.

Project Summary

This recommendation is in response to an application from the City's Open Space Committee indicating there are potential opportunities for open space acquisitions and/or conservation restrictions of land. These potential projects require confidentiality. Supplemental information will be submitted as individual projects enter more public phases and are presented to the CPC and the City Council for project specific funding from the reserve.

**PROJECT NO. 8
BELLEVILLE CONGREGATIONAL CHURCH RESTORATION PROJECT**

The CPC recommends the appropriation of \$39,000 from the FY 2017 Estimated Revenues to the Belleville Congregational Church to continue the repair and restoration of the windows and paint portions of the Fiske Chapel and Parish Hall of the Belleville Congregational Church.

The CPA category for this project is Historic Preservation.

Project Summary

The Belleville Congregational Church has served the community in many ways – as a place of religious worship and also as a community space that hosts a variety of cultural events throughout the year. The congregation has made significant strides in fundraising for capital improvements, which is supported by

this recommended appropriation. This funding shall be utilized to repair and restore the windows, including the replacement as necessary of storm windows, on the west and rear sides of the Fiske Chapel and Parish Hall and to paint the front of the main parish hall, including the steeples.

**PROJECT NO. 9
REHABILITATION OF THE PERKINS PRINTING AND ENGRAVING PLANT**

The CPC recommends the appropriation of \$14,000 from the FY 2017 Estimated Revenues to the Historical Society of Old Newbury for the rehabilitation of the Perkins Engraving and Printing Plant located at the rear of 98 High Street.

The CPA category for this project is Historic Preservation.

Project Summary

The Perkins Engraving and Printing Plant, a three-story brick building, was constructed in 1808 during the height of Newburyport's prosperity. In 2008, community preservation funds were used to restore the building's brick façade and repair interior structural elements, resulting in a structurally-stable and weather-tight building. This year's funding will be used toward installing an HVAC system so that the building can be used for programs, exhibitions, and meetings for community use. The HVAC system will allow the building to be used from March through December and will be designed to maintain the architectural integrity of the interior of the historic structure.

**PROJECT NO. 10
NEWBURYPORT HARBOR LIGHT PLUM ISLAND**

The CPC recommends the appropriation of \$12,000 from the FY 2017 Estimated Revenues to the Friends (the 'Friends') of Plum Island Light for the restorative painting of the exterior of the Newburyport Harbor Light Plum Island.

The CPA category for this project is Historic Preservation.

Project Summary

This historic resource is located on land owned by the City of Newburyport at 263 Northern Boulevard and leased to the Friends on May 29, 2012 for a period of ten years for the operation, care and maintenance of the facility. CPA funds will go toward painting of the exterior façade and the replacement of the lighthouse's windows. The Friends have received permission from the Mayor to perform this work, which will protect, preserve and enhance this city-owned historic structure and extend its useful life.

**PROJECT NO. 11
CITY HALL BOND DEBT PAYMENT**

The CPC recommends the appropriation of \$168,187.50 from the FY 2017 Estimated Revenues to the City of Newburyport for the tenth annual payment of interest and principal on the City Hall Restoration Bond.

The CPA category is Historic Preservation.

Project Summary

In December 2005, the City Council authorized issuance of a \$1,950,000 bond against future CPA revenue for the City Hall Restoration Project. Work on City Hall is now complete, though debt payments will continue through 2019. The CPC is advised that it is necessary to appropriate the debt service payments on an annual basis.

**PROJECT NO. 12
OPEN SPACE ACQUISITIONS BOND DEBT PAYMENT**

The CPC recommends the appropriation of \$104,591.31 from the FY 2017 Estimated Revenues to the City of Newburyport for the tenth annual payment of interest and principal on the Open Space Acquisitions Bond.

The CPA category is Open Space.

Project Summary

In December 2005, the City Council authorized bonding up to \$1,775,000 against future CPA revenue for open space acquisitions, including the Cooper North Pasture and the former Guilford properties. Under this authorization, the City Treasurer conservatively borrowed \$1,275,000 to fund the acquisition costs. Debt payments on the bond will continue through 2019. The CPC is advised that it is necessary to appropriate the debt service payments on an annual basis.

**PROJECT NO. 13
NEWBURYPORT HIGH SCHOOL WORLD WAR MEMORIAL STADIUM MULTI-PURPOSE
FIELD PROJECT**

The CPC recommends the appropriation of \$132,368.75 from the FY 2017 Estimated Revenues to the City of Newburyport for the first annual payment of interest and principal on the World War Memorial Stadium Multi-Purpose Field Project Bond.

The CPA category is Recreation.

Project Summary

In April 2014, the City Council authorized bonding up to \$1,500,000 against future CPA revenue for the renovation and improvement of the Newburyport High School's World War Memorial Stadium athletic field. This project is largely complete with only a 'punch list' of items remaining, though debt payments will continue through 2030. The CPC is advised that it is necessary to appropriate the debt service payments on an annual basis.

**PROJECT NO. 14
CHERRY HILL PARCEL B SOCCER FIELD IMPROVEMENT PROJECT**

The CPC recommends the appropriate of \$13,208.75 from the FY 2017 Estimated Revenues to the City of Newburyport for the first annual payment of interest and principal on the Cherry Hill Parcel B Soccer Field Improvement Project Bond.

The CPA category is Recreation.

Project Summary

In April 2014, the City Council authorized the bonding of up to \$134,000 against future CPA revenue for the redesign and construction of the Cherry Hill Parcel B athletic field. The project is largely complete with only a 'punch list' of items remaining, though debt payments will continue through 2030. The CPC is advised that it is necessary to appropriate the debt service payments on an annual basis.

**PROJECT NO. 15
ADMINISTRATIVE COSTS**

The CPC recommends the appropriation of \$12,000 from the FY 2017 Estimated Revenues to fund the Community Preservation Committee's expected administrative costs. These costs include a stipend for the CPC administration liaison position in the Planning Office, annual membership dues in the statewide community preservation coalition, and other recurring expenses including note taking at meetings, legal advertising, and city solicitor review of legal documents when necessary. Excess funds remaining in this account at the end of the fiscal year revert to the general Community Preservation Fund.

The CPA category for this appropriation is Administration.

COMMUNITY PRESERVATION COMMITTEE – EVALUATION CRITERIA

The Newburyport Community Preservation Committee gives preference to proposals which address as many of the following general criteria as possible:

1. Eligible for Community Preservation Act (CPA) funding according to the requirements described in the CPA legislation (Chapter 44B of Mass. General Laws).
2. Consistent with the Master Plan, Open Space and Recreation Plan, Land Use and other planning documents that have received public scrutiny and input.
3. Preserve and enhance the essential character of the city.
4. Protect resources that would otherwise be threatened.
5. Serve more than one CPA purpose or demonstrate why serving multiple needs is not feasible.
6. Demonstrate practicality and feasibility, and that the project can be implemented within budget and on schedule.
7. Produce an advantageous cost/benefit value.
8. Leverage additional public and/or private funds (eg. qualify the project for additional grants from other sources) or receive partial funding from other sources and/or voluntary contributions of goods or services.
9. Preserve or improve utility of currently owned city assets.
10. Receive endorsement by other municipal boards or departments and broad-based support from community members.

CATEGORY SPECIFIC CRITERIA

The Community Preservation Act funds three key community interests: open space, historic preservation, and affordable housing. Public recreation projects may also be funded.

1. **Open Space** proposals which address as many of the following specific criteria as possible will receive preference for funding:
 - Permanently protect important wildlife habitat, particularly areas that include:
 - locally significant biodiversity;
 - variety of habitats with a diversity of geologic features and types of vegetation;
 - Endangered habitat or species of plant or animal.
 - Preserve active agricultural use.
 - Provide opportunities for passive recreation and environmental education.
 - Protect or enhance wildlife corridors, promote connectivity of habitat or prevent fragmentation of habitats.
 - Provide connections with existing trails, protected open space or potential trail linkages.
 - Preserve scenic views.
 - Border a scenic road.
 - Protect drinking water quantity and quality.
 - Provide flood control/storage.

- Preserve and protect important surface water bodies, including streams, wetlands, vernal pools or riparian zones.
 - Buffer for protected open space, or historic resources.
2. **Historic Preservation** proposals which address as many of the following criteria as possible will receive preference for funding:
- Protect, preserve, enhance, restore and/or rehabilitate historic, cultural, architectural or archaeological resources of significance, especially those that are threatened.
 - Protect, preserve, enhance, restore and/or rehabilitate city-owned properties, features or resources of historical significance.
 - Protect, preserve, enhance, restore and/or rehabilitate the historical function of a property or site.
 - Demonstrates a public benefit.
 - Ability to provide permanent protection for the historic resource.
3. **Affordable Housing** proposals which address as many of the following criteria as possible will receive preference for funding:
- Contribute to the goal of 10% affordability as defined by chapter 40B of Mass. General Laws.
 - Promote a socioeconomic environment that encourages a diversity of income.
 - Provide housing that is harmonious in design and scale with the surrounding community.
 - Intermingle affordable and market rate housing at levels that exceed state requirements for percentage of affordable units pursuant to chapter 40B.
 - Ensure long-term affordability.
 - Address the needs of range of qualified household, including very low, low and low-to moderate income families and individuals.
 - Provide affordable rental and affordable ownership opportunities.
 - Promote use of existing buildings or construction on previously-developed or city-owned sites.
 - Convert market rate to affordable units.
4. **Recreation** proposals which address as many of the following criteria as possible will receive preference for funding:
- Support multiple recreation uses.
 - Serve a significant number of residents.
 - Expand the range of recreational opportunities available to city residents of all ages.
 - Jointly benefit Conservation Commission and Parks Commission initiatives by promoting recreation, such as hiking, biking, and cross-country skiing.
 - Maximize the utility of land already owned by city (e.g. school property).
 - Promote the creative use of railway and other corridors to create safe and healthful non-motorized transportation opportunities.

THAT, the CITY COUNCIL of the CITY OF NEWBURYPORT hereby appropriates \$615,000 to the Plum Island Sewer Valve Pit Monitoring System Capital Project in accordance with the Federal Emergency Management Agency's (FEMA) hazard mitigation proposal to prevent future failures of the system. The federal funding component through FEMA's Public Assistance program is 75% of costs incurred, or a maximum cost of \$461,250. The remaining 25% of the project, or a maximum cost of \$153,700, will be funded by an approved \$242,512.22 payment from FEMA for prior reimbursable costs incurred to restore the Plum Island sewer system back in February and March of 2015.

GENERAL PROJECT SUMMARY

The purpose of this proposal is to provide an AIRVAC Wireless Valve Pit Monitoring System for **350** AIRVAC valve pits along ***Northern Inner and Outer Blvd. in Plum Island, MA.***

The AIRVAC Wireless Valve Pit Monitoring System offers municipalities the ability to easily maintain an efficient and effective vacuum sewer system. The “trend” feature tracks the operation of each valve pit and notifies the operator of imbalances within the system. This notification will provide the operator the opportunity to proactively address potential problems before they occur.

An additional feature of the AIRVAC Wireless Monitoring System is its ability to pin point a problem when it occurs. An alert will be sent to the operator and the exact location of the failure will be identified. Therefore, the operator’s response time will improve and homeowner disruptions and O&M costs will decrease.

Software Web Interface Screen

EXPLANATION OF AIRVAC COMPONENTS & MATERIAL

The AIRVAC Wireless Valve Pit Monitoring System transmits valve pit data and end of line vacuum levels (opt.) to a central Scada system, which is typically housed within the vacuum station. The wireless data is transmitted by Zigbee wireless radios with a proprietary program of 900 mhz frequencies. The Zigbee radio communication uses a mesh system to communicate between wireless units. The proposed Zigbee radios are the latest design, longest range, lowest power consumption models available.

Within the valve pit, a factory supplied quick wiring harness is easily connected from the existing AIRVAC valve to the transmitter. Within the transmitter, battery conserving methods have been developed to quickly transmit signals without sacrificing battery life. The selected battery is designed to withstand temperatures fluctuations, which are encountered at *Plum Island* and they have a useful life of ~3 years.

One of the key design criteria's, which was taken into consideration during the development of the AIRVAC Wireless Valve Pit Monitoring System was transmitting a signal from inside the existing valve pits. This design does not require additional external antennas at each valve pit or cutting the road to install wires from the valve pit to the side of the road. In this case, a light weight composite transmitting lid, which is traffic rated, will transmit the valve pit data to the mesh communication loop. To refresh and strengthen the signal, **25** signal repeaters are included within this proposal.

THEORY OF OPERATION

The AIRVAC Wireless Valve Pit Monitoring System will be connected to **350** AIRVAC valve pits along *Northern Inner and Outer Blvd. in Plum Island, MA*. As a signal is produced, it is transmitted via a wireless mesh communication loop to the central Scada system, which is typically housed within the vacuum station. If a problem occurs, an alert is generated and the operators notified. A variety of conditions can be monitored and a few examples include a valve which stays open longer than normal (e.g. hung open valve or a valve which stays open for a period of time and fixes itself), a valve which cycles more frequently than normal (i.e. infiltration or excessive flow) or high sewage level inside the lower sump chamber, which can cause backups within homes. Each of these alarms can be configured to fit your specific requirements and maintenance protocols. Below are sample screen shots:

 Subject: Drainage Projects Loan Order

Over the years, DPS has heard complaints regarding major drainage concerns throughout the city. These complaints are all regularly reviewed by staff and, if funds and staff are available, many of these are addressed in-house with minor repairs and/or alterations to our infrastructure.

There are, however, a number of drainage issues that are beyond our construction capability, due to staffing and equipment. Additionally, some of these projects may require an outside engineering firm to design if our Engineering Division is unavailable from a scheduling standpoint; it is our goal to utilize our in-house City Engineer and Assistant Engineer whenever possible. As a result, we have added the cost of outside consultants to these projects to be conservative.

I, therefore, respectfully request your approval for an \$835,000 loan order, which will allow the City to complete much-needed and long overdue drainage projects through the City. The City last went out to borrow for drainage work in 2007, which will be fully paid off next fiscal year. That factor, combined with other debt rolling of the books over the next three years, puts the City in a good position to service this debt over the next twenty years; the annual debt service is estimated at \$59,000.

The following is a summary of the seven projects we anticipate completing based on current cost estimates:

1. Tilton Street - Engineering and Construction
Estimated Cost \$150,000

Residential flooding is occurring many times a year at #5 Tilton Street, due to lack of adequate drainage on the street. This project needs to be designed and will likely require a new closed drainage system (piping and manholes). However, the design options will determine the proper remediation for this flooding.

If a new closed drainage system is required, an estimated 650 feet of pipe would be installed on Tilton Street and McClintock Avenue to connect to the existing drain on Charron Drive. An estimated six to eight manholes may also be needed for such a project.

2. Malcolm Hoyt Road – Engineering and Construction
Estimated Cost \$400,000

Malcolm Hoyt Road floods to the point of road closure during heavy rains. This road has closed a number of times over the past few years, which has impacted businesses and gives the illusion that the Business Park is a flooding nightmare. This perception will go away if the road is raised and the property owners gain assurance that the new road can withstand heavy rains. Businesses will then feel confident that the flooding problem has been greatly reduced.

Once the engineering has been completed, a plan will be developed to rebuild a roadway with adequate drainage infrastructure.

3. East Boylston Street – Construction Only
Estimated Cost \$65,000

The middle and bottom sections of East Boylston Street are experiencing roadway flooding. There is no drainage on the street and connecting to High Street drainage is not an option due to the roadway elevation of High Street.

The existing roadway will require regrading and a drainage structure may need to be installed at the end of the roadway to drain rainwater into Fulton Pit. The engineering will be done in-house.

4. Market Square / Ferry Wharf Drainage Bypass Project – Construction Only (Phase 1)
Estimated Cost \$80,000

The roadway floods in Market Square at the intersection of State Street. First phase plan would be to install a walkway and flood bypass on Ferry Wharf (the alley to the right of ReMax By The River) and, at roadway, grade with Merrimac Street to allow a secondary bypass to convey heavy rains in Market Square to flow into the NRA East lot behind market square, where we have an underutilized catch basin. Design was completed in-house.

Flooding will continue to occur in this area until all the existing drainage is evaluated and a new drainage infrastructure system is designed and built. This by-pass project will greatly reduce the

amount of flooding, but not eliminate it. A full scale drainage improvement project in Market Square and up State Street may be needed if we determine that the existing system has collapsed or is simply inadequate to handle the necessary flows.

**5. Noble Street @ Coombs Circle – Construction Only
Estimated Cost \$65,000**

Many times a year, the roadway floods in front of and onto the property of 2 Noble Street. There is no drainage on Noble Street and any improvements must be connected to the existing Ferry Road drainage system.

New drain piping and manholes would need to be constructed to connect into the Ferry Road system. Major utility structures are in path of this connection, as a result, a deeper system may have to be designed and built. The design will be done in-house.

**6. Coltin Drive – Construction Only
Estimated Cost \$25,000**

The northern properties on Coltin Street observe flooding in both their yards and basements as a result of rainwater from Low Street. This rainwater runs off the side of the roadway and into the properties south of Low Street, east of Coltin Drive.

To reduce this flooding city staff can install curbing and catch basins on Low Street and direct this rainwater into the existing drainage on Low Street.

**7. High Street Bridge at the Rail Trail – Engineering and Construction
Estimated Cost \$50,000**

Roadway drainage in High Street between Bromfield and Barton Streets is collected by catch basins that discharge through the granite block abutment to the old railroad bridge and onto the rail trail twenty feet below. Erosion in and around the outlet pipes has occurred over the years and, if not repaired, will eventually undermine the integrity of High Street.

An engineering solution is required and not until it is complete will the proposed repair options be known.

These projects are long outstanding drainage issues that require attention; a majority of which cause damage to private and public property on a yearly basis, if not more frequently. Upgrading the drainage at these locations will greatly reduce or eliminate future property damage and significantly improve our city-wide drainage infrastructure.

Thank you for your consideration.

Re: FY17 Medicare/Medicaid revolving account spending limit

I am requesting the spending limit for the Medicare/Medicaid revolving account be raised to **\$25,000**. The spending limit was reduced from \$50,000 in FY16 to \$15,000 in FY17. I request the increase for the following reasons:

- The Health department will be purchasing a different flu vaccine for seniors 65 and older. This vaccine is more potent for seniors and recommended by the Department of Public Health. We had requests for this last year. The cost of this vaccine is more than double the price of the standard vaccine. (See attached cost sheet)
- This year we plan on having our flu clinics earlier. We have pre-ordered vaccine and will get an early delivery this year. We anticipate more people attending the clinics since we will be holding earlier clinics and more seniors attending when we have our clinic at the Senior Center.
- Higher attendance at the City Wide Flu Clinic is expected since it will be held on a Saturday
- Payroll expense for part-time nurses hired to assist at Flu Clinics will increase because there are no student nurses that will be working in the City this year
- Equipment failure (vaccine freezer) will necessitate the purchase of replacement doses (2) of Shingles Vaccine in order to continue the Shingles Vaccine program. The program is self-sustaining because the pharmaceutical company will provide the Health Department with a replacement dose at no charge for each dose administered. The Health Department is required to provide the initial doses of vaccine.
- New freezer will have to be purchased
- Cost for supplies for anticipated participation in the Chamber Wellness fair held at the Senior Center.
- Other supplies needed for defibrillator classes, syringes for clinics and other medical costs.

***Please note that the cost of the vaccine is reimbursed through Medicare and insurance companies. We get reimbursed for the cost of the vaccine and an administrative cost for administering the vaccine. See attached sheet for anticipated net income.

MEMORANDUM

TO: NEWBURYPORT CITY COUNCIL

FROM: GEORDIE VINING, SENIOR PROJECT MANAGER

CC: MAYOR DONNA HOLADAY; FINANCE DIRECTOR ETHAN MANNING; TREASURER JULIE LANGUIRAND;
HARBORMASTER PAUL HOGG; HARBOR COMMISSION CHAIR ANDREW CASSON

SUBJECT: BOND AUTHORIZATION REQUEST: HARBORMASTER AND VISITING BOATER FACILITY

DATE: 8/2/16

We are writing to respectfully request the City Council's authorization of a supplemental bond serviced by revenues from the Harbor Enterprise Fund to support completing construction of the Harbormaster Visiting Boater Facility.

The project is currently supported by a bond of \$1,082,602 (\$1 million in a long-term bond plus \$82,602 in a short-term bond) which is supported by revenues from the Harbor Enterprise Fund, as well as a \$448,059 federal Boating Infrastructure Grant. We started the construction project with a small construction contingency of a little under 3% of the baseline contract, and that contingency fund has been used to address a number of unexpected underground utility and obstruction issues. We need additional resources to ensure that the City has the financial capacity to correct any potential issues that may arise during the next three to four months of construction. Therefore, we would like to respectfully request authorization to borrow an additional \$60,000 supported by revenues from the Harbor Enterprise Fund, which would bring the overall construction contingency to approximately 7%. That amount is well within the typical range of 5-10% for such projects. If all the funding is not ultimately required to complete construction, then the City will reduce the final permanent bonding accordingly.

The debt service for this small supplemental bond is well within the average annual amount available for additional capital investment and debt service based on the analysis done by the City's Finance Department and Harbor Commission Treasurer of seven years of Harbor Enterprise Fund revenues. A 20-year bond for \$60,000 at a conservative rate of 3.5% would be serviced by approximately \$4200 per year. The Harbor Enterprise has had an annual average of over \$98,000 available for capital investment and debt service, and the currently authorized 20-year bond at a conservative rate of 3.5% will be serviced by approximately \$76,000, leaving an average of over \$22,000 available for additional capital investment and debt service each year. There is also well over \$300,000 in the Harbor Enterprise retained earnings account as a reserve. However, that retained earnings account is currently waiting certification for the last fiscal year, so the borrowing approach is the most viable due to the timing of the project.

The project continues to be on track for substantial completion in November 2016. As outlined previously, one side of the building will provide a customer service and reception area, office space, staff lockers, staff bathroom, and a storage area. The other side, connected by the breezeway, will provide much-needed toilet facilities for the general public, plus showers and other facilities for visiting boaters. Please see the attached construction progress photos. Thank you for your consideration.

Date: August 8, 2016
Subject: Intermunicipal Agreement Extension with West Newbury for Animal Control Services

Attached is the Intermunicipal agreement with the Town of West Newbury for animal control services. As you recall, the original contract renewal generated some discussion, so the City Council approved a three month renewal, with the option to extend through the end of the fiscal year.

Per the attached Amendment, the current arrangement will expire on September 30, 2016 and will need to be renewed through the end of fiscal year 2016, after which it can be renewed annually with approval of the Newburyport City Council and the West Newbury Board of Selectmen.

During the discussion regarding this arrangement there were many requests for information and follow-up, all of which were provided to the City Council. The discussions focused on the City Council's impression that issues were not being addressed when, in actuality, none of the issues discussed were brought to the attention of the Health Department and Animal Control. In essence, City Councilors were hearing about issues, but the Health Department was not. Since that time, communication is much improved and the Animal Control Officer and Health Director have been addressing and responding to the many issues that have surfaced, particularly in the Plum Island area. During this time they have demonstrated their continued focus and excellent service to the City, all while continuing to support West Newbury. Mayor Holaday and I met with Chief Reed on August 1st and West Newbury is content with the contract and services provided.

West Newbury pays the City \$20,000 annually for the service and provides a vehicle for the Animal Control officer which, at the City Council's request, was inspected and deemed to be in excellent working order.

Let me know if you require further information regarding this arrangement.

Amendment to Contract

City of Newburyport and

Town of West Newbury

INTERMUNICIPAL AGREEMENT FOR THE ADMINISTRATION OF SHARED ANIMAL CONTROL SERVICES

This amendment (the "Amendment") is made by the City of Newburyport and the Town of West Newbury, parties to the agreement INTERMUNICIPAL AGREEMENT FOR THE ADMINISTRATION OF SHARED ANIMAL CONTROL SERVICES dated July 1, 2016.

The Agreement is amended as follows:

Article 3. Term – Replace with the following:

This Agreement shall take effect on July 1, 2016, for a three month term ending September 30, 2016. At the end of the initial three month term the Agreement may be extended through June 30, 2017 by the Newburyport City Council and West Newbury Board of Selectmen. If extended through June 30, 2017, upon expiration, the agreement may be extended by up to two additional one year terms commencing on July 1, 2017 and July 1, 2018. Any such extension term shall be subject to the approval of the City of Newburyport, as authorized by its City Council and approved by its Mayor, and the Town of West Newbury, as authorized by its Board of Selectmen. Should either of the Participating Governmental Units fail to extend the agreement after the initial three month term expiring on September 30, 2016, or anytime thereafter, a mutually agreeable transition plan will be developed and implemented within 30 days, including the return of the ACO vehicle to West Newbury or other disposition as agreed upon between both municipalities. During the transition, the Town of West Newbury will continue to make payments to the City of Newburyport, pro-rated if applicable, until such time the Inter-municipal Agreement is terminated and Newburyport is no longer providing Animal Control Services to West Newbury.

Except as set forth in this Amendment, the Agreement is unaffected and shall continue in full force and effect in accordance with its terms. If there is conflict between this amendment and the Agreement or any earlier amendment, the terms of this amendment will prevail.

IN CITY COUNCIL:

ORDERED:

Date: July 26, 2016

THAT the CITY COUNCIL of the CITY OF NEWBURYPORT amends the established list of crosswalks as identified by the Department of Public Services as active and marked throughout the City of Newburyport to include:

Merrimac Street from Caldwell Court to Pop Crowley Way

Kent Street at Merrimac

AND that the City Clerk and Department of Public Services maintain this list, available to the public

AND further post this list on the city website

AND to better define the crosswalk and make entry and exit from Cashman Park and the new comfort station being constructed therein that the Department of Public Services employ crosswalk style markings of their choosing to the Merrimac Street sidewalk from Leary's wine and Spirits to the beginning of the sidewalk abutting Cashman Park, i.e. across the open curb cuts of the so-called Lombardi Oil building.

Dear Sir/Madam:

J. Masterson Construction is currently on the Town of Danvers list of approved and licensed drain layers. They have successfully completed utility work within the Town with no outstanding issues or complaints. Additionally during the winter season, they supply heavy equipment to our Public Works Division for snow removal and have performed their tasks in a professional and efficient manner.

I would highly recommend them to any prospective client, to be able to fulfill their needs.

If you have any further questions, please don't hesitate to give me a call at 978-762-0231, between the hours of 7am-3pm, Monday – Friday.

Sincerely,

ORDINANCES

CITY OF NEWBURYPORT

IN CITY COUNCIL

ORDERED:

AN ORDINANCE TO AMEND THE ZONING ORDINANCE OF THE CITY OF NEWBURYPORT

Be it ordained by the City Council of the City of Newburyport as follows:

Zoning Ordinance Amendment:

THAT the Zoning Ordinance be amended pursuant to Section XII-B "Adoption and Amendment" as follows:

Strike Section II-B.46a entirely

Replace existing Section X-H.6.Q., within "Variances" with the following:

Q. In all cases where the board grants a variance from the strict application of the requirements of this chapter, the board shall also adhere to Section XI-K regarding sidewalks and trees.

Replace existing Section X-H.7.B.10, within "Special permit conditions," with the following:

(10) The board shall also adhere to Section XI-K regarding sidewalks and trees.

Replace existing Section XV-H.a.6, with the following:

6. Sidewalks, crosswalks, walkways, bike racks, or other pedestrian access may be required to allow access to adjacent properties and between individual businesses within a development. The board shall also adhere to Section XI-K regarding sidewalks and trees.

Add the following new Section:

XI-K Provision for Sidewalks and Trees

In all cases where a Variance, Special Permit or Site Plan Approval is granted for a project the board shall consider and may require the applicant to install, repair and/or replace City-owned sidewalks adjoining the site in accordance with the Newburyport Code of Ordinances, Section 12-54, entitled "Sidewalk materials" and any design specification promulgated by the Department of Public Services thereunder. In addition, the board shall consider and may require street trees to be planted, preserved and/or replaced along all public rights-of-way adjoining the site. Street tree requirements may be based upon the recommendations from the City's Tree Warden,

Replace existing Section XV-L.f, with the following:

No building permit shall be issued unless the applicant certifies on the application therefor that "All related construction and utilities installation for this project has been reviewed and approved by the respective City departments and will be completed in accordance with approved plans."

Replace the title of Section X-D., entitled "Permits," with the words "Building Permits and Certificates of Occupancy" and add the following new provision at the end of said Section:

No Certificate of Occupancy shall be issued unless the application or request therefor has first been signed or approved by both the Office of Planning and Development and Department of Public Services as certification that the proposed project as constructed complies with any Special Permits, Variances or Site Plan Approvals applicable to the project, and that all utilities, sidewalks and tree plantings have been installed in accordance with applicable requirements.

Mr. Richard Jones
City Clerk
City of Newburyport
cc. Jared Eigerman Ward 2 City Councilor

July 1, 2016

Dear Mr. Jones,

When Pigs Fly Bread Bakeries has recently opened at 1 Merrimac Street in Newburyport. We are pleased and excited to be part of a very vibrant Newburyport business environment. Our Bread Store sells 35 varieties of Artisan made breads baked daily in York, Maine. We also sell freshly baked Soft Bavarian Pretzels served with mustard.

I am asking permission to sell these pretzels at a table on the sidewalk in front of our building or somewhere in the city that might be acceptable to the Town. The pretzels would sell for \$4.00 and be offered on Saturdays and Sundays from 11 am to 6 pm for a 60 day period beginning July 15th.

We would need a small, 4 foot folding table, a basket with sneeze guard for the pretzels, mustard and small signage. We have no requirement for any type of power or refrigeration so our space requirements are minimal. I have talked with Frank Giacalone, the Health Inspector and he sees it as an extension of our current license and as long as we take care of the food to Health Standards, he would have no issues.

I am asking for the City's support in allowing us to introduce our concept to the City and stimulate new business.

Thank you,

Re: Pool Tables at 10 Center Street, Newburyport, MA 01950

Dear Council Members and City Clerk:

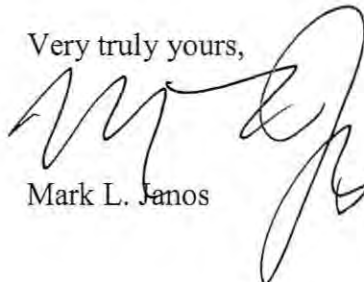

In accordance with the Code of Ordinances, Article IV, Division 2, §§ 9-41 to 9-44 this letter is written to formally request that the Council Members and/or City Clerk grant a license for two (2) Pool Tables, granted to Wolfe Tavern, LLC for the premises located at 10 Center Street, Newburyport, MA 01950, pursuant to M.G.L.A. c. 140 § 170 et seq. and c. 140 §177A.

Wolfe Tavern, LLC is currently applying for a §12 All Alcoholic Beverage License and Common Victualler's License for the premises, pursuant to a lease arrangement with 2-18 Center Street Nominee Trust, owners of the property.

I look forward, as are the owners of Wolfe Tavern, LLC, to working with you and your Council on the granting of an annual license for two (2) Pool Tables.

Should any questions arise pertaining to this request, please feel free to contact me at your convenience. Meanwhile, my thanks to you and your Council for your assistance in this regard.

Very truly yours,

Mark L. Janos

Wolfey's Pool Table Rules

-Valid Identification & Payment

All players MUST be over 21 years of age. Valid ID MUST be verified to play pool. Valid identification is defined as a current driver's license, passport or military ID. Current credit/debit card to be HELD by Pool Assistant/Server as security and payment.

-Pool Table Reservations

Between the hours of 6pm and 10pm the tables can be reserved for **UP TO a 2 hour period max. for \$20 an hour.**

All other business hours of operation will be "**First come, Play first**"; Then a wait list will be implemented to control the demand (IPad with a app similar to No Wait)

-Pool Table Items

Pool table items will consist of fifteen (15) solid and striped pool balls, one (1) cue ball, one (1) chalk, one (1) bridge and one (1) triangle. This will be given to the player once they have been through the valid Identification and payment process.

Wall racks with multiple sized pool cues will be available to all players.

-Pool Play Policy

By providing a valid ID and payment for the use of the pool table and items, the identification and payment bearer assumes all responsibility for care and maintenance of the pool table and items. Care and maintenance includes, but is not limited to, returning all pool items in the same condition as when they were checked out, and the pool table is clean and undamaged.

Identification and payment bearer will sign a Disclaimer acknowledging the Pool Play Policy.

-Violations

The pool table is not to be moved from its location. Food, drink or items not required for the playing of pool will not be placed on the table. Broken or lost items will be paid for by the bearer of the identification and payment obtained at checkout.

There is a strict "Do Not Over Serve" policy regarding the service of alcoholic beverages to guests. Patrons safety is paramount at all times.

TO: President and Members of the City Council

FROM: Donna D. Holaday

DATE: 2/2/16

RE: Hiring Process for the City's Next Building Commissioner

As most of you are aware, I will be commencing a hiring process in the next couple of months to fill a critical position within our local government—that of the City's Building Commissioner. With the impending retirement of a long-time, dedicated employee, I have asked our Human Resources Department to update the position's job description and draft a job advertisement.

Given that a key part of serving in this role requires coordination and communication with many boards, commissions, employees, developers and members of the public, I wish to inform you of my intention to convene a search committee to review resumes of qualified applicants, conduct interviews and make recommendations of not fewer than three (3) final candidates to me.

The Search Committee will have ten (10) members consisting of the Chief Administrative Officer who shall serve as chair; the Human Resources Director; a representative from the Planning Department; a representative from the Fire Department; the Health Department Director; one member each from the City Council, Planning Board, Zoning Board of Appeals, and Historical Commission or Newburyport Preservation Trust, each of whom shall be named by the President/Chair of those bodies; and one member of the public chosen by me.

It is my intention to start this process by the end of this month.

The Departments listed above have their own application process. Applicants are responsible for applying for and obtaining all required permits & certificates from the various individual Departments.

Limitations

- (a) *"Procedure"* All road racing, walkathon, bicycle, or swimming events shall, through that event's organizer, board of directors, charity foundation or designee apply for authorization to hold the event through the Office of the City Clerk. The City Clerk upon review of the completed form will place the application on the regular City Council agenda. Upon following the procedures of the Council, as deemed appropriated in the sole judgment of the Council, the application will be considered approved if the Council votes favorably by majority. The event will name one person responsible on the application and shall provide contact information to include name, address and telephone number.
- (b) *"Exemptions"* Each event organizer or organization shall comply with this ordinance and no exemptions will be permitted.
- (c) *"Course map"*, All applications shall be accompanied by a course map showing the event route, water stops, refreshment stops, and so-called "porta-potties". The course map shall also include any road closures, detours and parking areas. The course map shall be approved by Police, Fire, Department of Public Services, Parks Commission and Harbormasters Departments prior to submission to the City Clerk.
- (d) *"Electronic Amplifier"* Electronic amplifiers, loudspeakers and bullhorn use shall be requested at time of application. Under no circumstances will they be used for public address announcements or music before 8:00 A.M. except for Sundays when electronic amplifiers, loud speakers or bullhorns will be used for public address announcements or music before 9:00 AM. This shall be deemed a requirement for all permitted events regardless of type or location.

- (e) *"Road Closure"* No ways, public or private, boat ramps or parking lots controlled or patrolled by the city shall be closed without authorization. Authorization shall be considered granted only if said closure(s) are contained in the approved permit. It is the sole responsibility of the race organizers to notify residents ten (10) days in advance that neighborhood roads will be closed if no alternate route is available to those residents.
- (f) *"Insurance"* All events shall have an insurance policy or rider in effect for the event naming the "City of Newburyport" as an insured. The policy shall be no less than two million dollars (\$2,000,000.00).
- (g) *"Event termination"* If in the judgment of the City Marshal, Fire Chief or Department of Public Services (DPS) Director or designees thereof determine that an event is unsafe due to existing conditions, that event may be stopped, terminated or suspended. In the case of a multidiscipline event such as a triathlon, the Harbormaster or his/her designee may likewise stop, terminate or suspend the swimming portion for cause.
- (h) *"Event and traffic Security"* The City Marshal, Fire Chief, DPS Director or in the case of a triathlon, the Harbormaster can require special duty personnel to oversee the safety and security of the event. All special duty assignments will be paid by the event organizers.
- (i) *"Clean-up"* The event organizers shall be responsible for post event trash collection, removal of signage, directional arrows, advertisements or other promotional material associated with the event.

13-101 Enforcement

- (a) *"Regulations"* Consistent with this ordinance, the city shall promulgate regulations to enforce and otherwise implement the provisions of this ordinance upon passage by the City Council. Any event previously approved by City Council shall be deemed permitted.
- (b) *"Warning"* In the circumstance that this ordinance is violated, the enforcement may consist of a warning. Any warnings issued for violation(s) will be reported to the City Clerk and City Council and may be used as a factor in future application approvals and denials.
- (c) *"Noncriminal Disposition"* If the city determines that a violation has occurred in which a noncriminal violation is issued, the named event organizer shall be penalized by a non-criminal disposition as provided bin Massachusetts General Law as adopted by the City of Newburyport as a general ordinance in Subsection 1-17 of Chapter 1 of the Code or Ordinances of the City of Newburyport in the amounts set herein in 13-101(d)
- (d) *"Violation"* The non-criminal violation shall be \$100.00 for the first offense and \$250.00 for second and subsequent offenses. Any non-criminal citations issued for violation(s) will be reported to the City Clerk and City Council and shall be used as a factor in future application approvals and denials.

I fully understand and agree to all the terms set forth in this application. The information that I have provided is truthful and accurate. I accept all responsibility related to this event.

Eli Bailin
55 Prospect St.
Amesbury, MA 01950

Dear City of Newburyport,

For the past five years Page Insurance has insured Eli Bailin and the Green Stride Newburyport Half Marathon. As part of this insurance we will name the City of Newburyport as additional Insured.

Where the date of the next race is potentially going to be October 23, 2016 it is too early to obtain insurance. When the race is within a month away we will work with Eli to obtain coverage for 1million to protect himself along with the City of Newburyport.

If you have any questions please feel free to contact me directly. I have added a copy of last year's coverage for your review.

Sincerely,

Jacqueline Page

- (e) *"Road Closure"* No ways, public or private, boat ramps or parking lots controlled or patrolled by the city shall be closed without authorization. Authorization shall be considered granted only if said closure(s) are contained in the approved permit. It is the sole responsibility of the race organizers to notify residents ten (10) days in advance that neighborhood roads will be closed if no alternate route is available to those residents.
- (f) *"Insurance"* All events shall have an insurance policy or rider in effect for the event naming the "City of Newburyport" as an insured. The policy shall be no less than two million dollars (\$2,000,000.00).
- (g) *"Event termination"* If in the judgment of the City Marshal, Fire Chief or Department of Public Services (DPS) Director or designees thereof determine that an event is unsafe due to existing conditions, that event may be stopped, terminated or suspended. In the case of a multidiscipline event such as a triathlon, the Harbormaster or his/her designee may likewise stop, terminate or suspend the swimming portion for cause.
- (h) *"Event and traffic Security"* The City Marshal, Fire Chief, DPS Director or in the case of a triathlon, the Harbormaster can require special duty personnel to oversee the safety and security of the event. All special duty assignments will be paid by the event organizers.
- (i) *"Clean-up"* The event organizers shall be responsible for post event trash collection, removal of signage, directional arrows, advertisements or other promotional material associated with the event.

13-101 Enforcement

- (a) *"Regulations"* Consistent with this ordinance, the city shall promulgate regulations to enforce and otherwise implement the provisions of this ordinance upon passage by the City Council. Any event previously approved by City Council shall be deemed permitted.
- (b) *"Warning"* In the circumstance that this ordinance is violated, the enforcement may consist of a warning. Any warnings issued for violation(s) will be reported to the City Clerk and City Council and may be used as a factor in future application approvals and denials.
- (c) *"Noncriminal Disposition"* If the city determines that a violation has occurred in which a noncriminal violation is issued, the named event organizer shall be penalized by a non-criminal disposition as provided in Massachusetts General Law as adopted by the City of Newburyport as a general ordinance in Subsection 1-17 of Chapter 1 of the Code or Ordinances of the City of Newburyport in the amounts set herein in 13-101(d)
- (d) *"Violation"* The non-criminal violation shall be \$100.00 for the first offense and \$250.00 for second and subsequent offenses. Any non-criminal citations issued for violation(s) will be reported to the City Clerk and City Council and shall be used as a factor in future application approvals and denials.

I fully understand and agree to all the terms set forth in this application. The information that I have provided is truthful and accurate. I accept all responsibility related to this event.

April 25, 2016

Dear City Council Members,

I am writing to you to request authorization to hold the 5th Annual Pan Mass Challenge Greater Newburyport Kids Ride in Newburyport on Sunday, September 18, 2016. The event would take place between 9am-1pm and involve the Clipper City Rail Trail as well as Cashman Park (the basketball court area and the area between the basketball court and the baseball field). Last year's event raised several thousand dollars for Dana Farber Cancer Institute while involving kids, their families, and volunteers in a very positive experience. In November 2015, the Pan Mass Challenge presented Dana Farber Cancer Institute with an unprecedented donation of \$45,000,000.00 as a result of last year's fundraising efforts! This donation is funding innovative patient care and critical research which will bring us "closer by the mile" to a cure for cancer. We are proud to be "a spoke in the wheel" of the Pan Mass Challenge and would like to continue to support these efforts in our own community. Thank you for your consideration.

Respectfully,

Tara Mahon McQuaid and Kelly Mahon

Limitations

- (a) *"Procedure"* All road racing, walkathon, bicycle, or swimming events shall, through that event's organizer, board of directors, charity foundation or designee apply for authorization to hold the event through the Office of the City Clerk. The City Clerk upon review of the completed form will place the application on the regular City Council agenda. Upon following the procedures of the Council, as deemed appropriated in the sole judgment of the Council, the application will be considered approved if the Council votes favorably by majority. The event will name one person responsible on the application and shall provide contact information to include name, address and telephone number.
- (b) *"Exemptions"* Each event organizer or organization shall comply with this ordinance and no exemptions will be permitted.
- (c) *"Course map"*, All applications shall be accompanied by a course map showing the event route, water stops, refreshment stops, and so-called "porta-potties". The course map shall also include any road closures, detours and parking areas. The course map shall be approved by Police, Fire, Department of Public Services, Parks Commission and Harbormasters Departments prior to submission to the City Clerk.
- (d) *"Electronic Amplifier"* Electronic amplifiers, loudspeakers and bullhorn use shall be requested at time of application. Under no circumstances will they be used for public address announcements or music before 8:00 A.M. except for Sundays when electronic amplifiers, loud speakers or bullhorns will be used for public address announcements or music before 9:00 AM. This shall be deemed a requirement for all permitted events regardless of type or location.

Controlled Risk Insurance Company of Vermont, Inc.
(A Risk Retention Group)
Burlington, Vermont

Professional/Commercial General Liability Policy

Additional Insured Endorsement

Named Insured: DANA-FARBER CANCER INSTITUTE, INC. Effective Date: 01/01/2016

Policy No: DFCI-CRICO-C-GLPL-1428-2016 Endorsement No: E2-1833

Endorsement Effective Date: 09/18/2016 Policy Period: 01/01/2016 to 12/31/2016

Additional Insured: City of Newburyport

CITY OF NEWBURYPORT
CITY CLERK'S OFFICE
60 PLEASANT STREET
NEWBURYPORT, MA 01950

This Endorsement modifies the General Liability Policy.

- I. Section III of the General Liability Policy, PERSONS INSURED, is amended for the purposes of this Endorsement only to include as an Additional Insured the person(s), organization(s) or entities set forth above, but only with respect to liability for "Bodily Injury" or "Property Damage" or "Advertising Injury" or "Personal Injury" caused by:
1. the negligence of the "Named Insured"; or
 2. the negligence of others acting on behalf of the "Named Insured"
- and, in either case of 1 or 2 above, only arising out of Dana-Farber Cancer Institute's participation in the Newburyport Kids Ride event taking place on September 18, 2016 in the city of Newburyport, MA.

For purposes of this Endorsement only, Section I.C "LIMITS OF LIABILITY" is deleted and replaced with the following:

- II. Limits of Liability
- Regardless of the number of "Claims" made, "Suits" brought, "Insureds", persons injured, or persons asserting "Claims", the "Company's" liability is limited as follows:
- a. The limit of liability applicable to each "Claim" against the Additional Insured is \$2,000,000 (Two Million Dollars). That amount is the most the "Company" will pay for all "Damages" as well as all "Claims Expense" arising out of each "Event".
 - b. The limit of liability applicable to all "Claims" against the Additional Insured is \$2,000,000 (Two Million Dollars). That amount is the most the "Company" will pay for all "Damages" as well as all "Claims Expense" arising out of all "Events" and arising out of all "Advertising Injury" and all "Personal Injury," combined.
 - c. Subject to the limits of liability stated in a and b above, the most the "Company" will pay on behalf of the "Additional Insured" and the "Named Insured" combined for all "Damages" and all "Claims Expense" for any one "Claim" is \$5,000,000.

III. Section V "CONDITIONS", Subsection E "OTHER INSURANCE" of the General Liability policy is deleted for purposes of this endorsement only and replaced with the following:

If any "Claim" or "Damages" or "Claims Expense" payable by the Additional Insured pursuant to this endorsement is insured under any other valid insurance issued by an insurer other than the "Company," whether prior or current, then the insurance provided by this endorsement shall cover such "Damages" and "Claims Expense" subject to its limitations, conditions, provisions, and other terms hereof, only to the extent that the amount of such "Damages" or "Claims Expense" is in excess of the amount of such other insurance whether such other insurance is stated to be primary, contributory, excess, contingent or otherwise, and regardless of whether such insurance provides for defending a "Claim" or reimbursing the "Insured" for "Claims Expense" and regardless of whether such other insurance is subject to a deductible or self-insured retention, unless such other insurance is written only as specific excess insurance over the limits provided in this policy.

IV. With respect to the "Additional Insured", the following additional exclusions apply:

This insurance does not apply to "Bodily Injury" or "Property Damage" occurring after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured at the location of the covered operations has been completed; or
2. That portion of your work out of which the "Claim" arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as part of the same project.

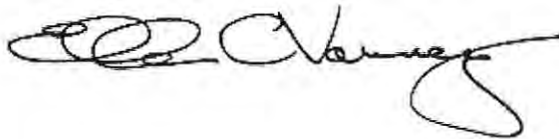

The inclusion in this Endorsement of more than one "Insured" shall not operate to increase the limits of the "Company's" liability.

Should the above described policy be canceled before the expiration date thereof, the "Company" will endeavor to mail 30 days written notice to the "Additional Insured", but failure to mail such notice shall impose no obligation or liability of any kind upon the "Company".

All other terms and conditions of the policy shall remain unchanged by this Endorsement.

Terms appearing in quotation marks in this Endorsement shall have the same meaning as the definition of that term in the policy which this Endorsement modifies.

IN WITNESS WHEREOF the Company has caused this Endorsement to be signed by its duly authorized representative.
