MEMORANDUM

TO: **Newburyport City Council**

FROM: **Andrew R. Port, Director of Planning & Development**

CC: **Sean R. Reardon, Mayor**
Heather L. Shand, City Council President/Chair, Ad Hoc Committee on Market Landing Park Expansion

RE: **Market Landing Park Expansion – Visitor Center/Restroom Facility – Council Input on Design Factors**

DATE: **February 10th, 2022**

As you know, we have been working with the design firm Sasaki Associates over the past year to develop plans for the expansion of Market Landing Park on our central waterfront. Last night (2/9/2022) Sasaki presented updated plans to the Council's Ad Hoc Committee on Market Landing Park Expansion which was established to provide key stakeholder input as needed in the design process. That presentation (*both the slides and recording*) can be viewed on the City website here:

<https://www.cityofnewburyport.com/planning-development/market-landing-park-expansion/events/307626>

As a reminder, the purpose of the 2/9 meeting, and the Committee's next scheduled meeting with Sasaki on 2/24, are to reach consensus on specific questions applicable to design of the new Visitor Center/Restroom Facility. The Council required additional input on these specific areas before Sasaki can proceed with additional design work under our contract:

1. **Building Orientation** (i.e. parallel or perpendicular to Merrimac Street)
2. **Building Design** (*in particular*: brick vs. clapboard; *in general*: the architectural materials, form, articulation, fenestration)

Additionally, working with Sasaki, we have identified two additional areas where guidance and consensus is helpful.

3. **Building Form** (compact vs. linear)
4. **Restroom Designations** (gendered vs. non-gendered)

Both of these areas have some bearing on the final design and form of this relatively small architectural feature at Market Landing Park. For instance, the form and orientation of the building has some bearing on

how efficiently and effectively we can achieve “Net Zero” energy usage for this new municipal facility (*the goal, consistent with the Council’s GHG Protocol Ordinance adopted last year*).

Based on discussion at the Ad Hoc Committee meeting last night, it is my understanding that the Council President will be bringing this matter up for discussion at the Council’s meeting Monday night (2/14) in order to obtain additional input from the Council as a whole. For your convenience, I have summarized the Ad Hoc Committee’s consensus preference (with a few dissenting opinions) relative to the above four (4) design factors:

1. **Building Orientation** (*parallel to Merrimac Street, in order to better activate a “gap tooth” space along the Merrimac Street sidewalk and better preserve predominant pedestrian views to the water’s edge*)
2. **Building Design** (*in particular: use of brick; in general: additional use of windows/granite, articulation and fenestration for a pedestrian-level feel*)
3. **Building Form** (*compact*)
4. **Restroom Designations** (*non-gendered, to address Title IX guidelines and increase the practical availability, and turnover, of bathrooms stalls for all users during the peak season, regardless of sex or orientation*)

While design factors 1-3 above appear to have reached a relatively strong consensus amongst the group, and what would appear to be sufficient guidance for Sasaki, there was some additional discussion and debate regarding design factor # 4 above. Sasaki cannot proceed further in an efficient and effective manner without clear guidance from the City. Ultimately, our goal is the permanent replacement of a “temporary” restroom trailer and visitor booth presently at this location.

We appreciate any additional input or consensus the Council can provide relative to the above design factor(s), and I would be happy to speak to these issues further in coordination with the Council President and Committee Chair Monday night. In order to keep the design process on schedule and prevent delays or cost increases, we are hopeful that the Council can provide timely input.

Thank you all for your time and support for this long awaited project! As always, please reach out to me with any questions or concerns you may have with this or other City projects.

What We Heard

MATERIALITY + CHARACTER:

Some comments about the architectural style of the restroom building. Design team was asked to continue exploration of materials, character and facade detailing.

ORIENTATION:

A building that is **parallel** to Merrimac Street will provide a more continuous active urban street and welcoming entry to the park. A building that is **perpendicular** aligns with Central Wharf Way, emphasizing the historic pathways and connection to the water.

PROGRAM:

Combine existing program of the Visitors Center and restrooms in one building with the same number of restrooms and an interior space for the Visitors Center.

SUSTAINABILITY:

Meet the City's Net Zero goals.

Building Program

Verification of building program

How many fixtures should the restroom have?

How should they generally be arranged?

Building Program

Visitor Center:

- Space for occupant to sit
- Transaction window to access the outside
- Access to the inside by the public
- Information signage
- Rack or shelving for brochures, maps, pamphlets

Restroom:

- 6 toilet fixtures for women, 3 sinks
- 6 toilet fixtures for men, 3 sinks

Janitor's Closet:

- Mop sink
- Storage

Mechanical Room:

- Boiler, electrical panel, etc

Gender Neutral Pros / Cons and Considerations

Pros:

- Allows for more available stalls for all. Prevents longer queue on one side of single sex restrooms for peak summer events
- Facilitates care-giving between people of different genders. For example, a father can comfortably assist his young daughter in the space
- Only one room to maintain; allows for any gender maintenance person to access for cleaning
- By consolidating a greater number of people in one rather than two rooms, there are more eyes to monitor, reducing risk
- Addresses social justice initiative, as per Title IX
- Potentially can be achieved with less overall square footage

Cons:

- Floor to ceiling walls and doors that achieve maximum privacy are more expensive than typical partitions
- Individual lighting and ventilation may be needed for each stall

Building Form and Orientation

ROOF PITCH AND SOLAR ORIENTATION

- Solar panels need to be oriented south and have a tilt of about 32 degrees from the horizontal.
- A building oriented parallel to the street can use a pitched roof to make the solar panel tilt.
- A building oriented perpendicular to the street would need to have a flat roof to accommodate tilted solar panels.
- The total area of solar panels that is required to meet the demand of the net-zero building will be determined during the design phase.

Building Orientation

How does the building sit on the site?

(a) *Short title.* This section may be cited as the "road races, walkathons and bicycle events."

(b) *Purpose and intent.* The use of city streets and sidewalks for the purpose of road races, walkathons or bicycle tours are positive events that promote exercise, general good health and Newburyport as a destination. These events do from time to time create hardships, impacting neighborhoods and traffic. To create a balance between conflicting interests, by safeguarding participants, residents, visitors and the City of Newburyport, this section will define and codify the procedure for the benefit of all.

(c) *Definitions.*

(2) *Walkathon.* A competitive or non-competitive walk event that utilizes the streets, sidewalks and/or crosses over streets or sidewalks within city limits and in which an entry fee is required or charitable donation is solicited or suggested.

(4) *Multidisciplined event.* A competitive or non-competitive event requiring or offering running, walking, biking, swimming or any combination thereof in which an entry fee is required or a charitable donation is solicited or suggested.

(5) *Event.* Any road race, walkathon, bicycle race, multi-disciplined event as defined above.

(d) *Limitations.*

(1) *Procedure.* All events shall, through that event's organizer, board of directors, charity foundation or designee ("organizer") apply for city council authorization to hold the event through the office of the city clerk no later than sixty (60) days before the event's proposed date. There shall be a grace period through December 31, 2017, during which applications will be accepted beyond the prescribed due date. Prior to application with the city council, the event shall file and receive approval from all applicable city departments, boards, and commissions. Copies of such approved applications, including along with documentation of any fees, donations, in-kind donations paid as part of said application(s), shall be included as part of the city council application.

The date of application is the date a completed application is submitted to the city clerk's office and stamped by the same. The city clerk, upon review of the completed form, will place the application on the next regular city council agenda, even if such submission is a late file. Upon following the procedures of the council, as deemed appropriated in the sole judgment of the council, the application will be considered approved if the council votes favorably by majority. The application shall name one (1) person responsible on the application and shall provide contact information to include name, address, email address, and telephone number.

(2) *Exemptions.* Each event organizer or organization shall comply with this ordinance and no exemptions will be permitted.

(3) *Course map.* All applications shall be accompanied by a legible, precise course map showing the event route, water stops, refreshment stops, and so-called "port-a-potties". The course map shall also include any road closures, detours and parking areas. The course map shall be approved by police, fire, department of public services, parks commission and harbormasters departments prior to submission to the city clerk.

(4) *Electronic amplifier.* Electronic amplifiers, loudspeakers and bullhorn use shall be requested at time of application. (5) *Road closure.* No ways, public or private, boat ramps or parking lots controlled or patrolled by the city shall be closed without authorization. Authorization shall be considered granted only if said closure(s) are contained in the approved permit. It is the sole responsibility of the race organizers to notify residents fourteen (14) days in advance that neighborhood roads will be closed if no alternate route is available to those residents. Notification shall be made by race organizers by informational packet drop-off at all residences that may be impacted, including, but not limited to, road closures, restricted driveway access, parking restrictions, or noise. In the case of multi-family residences with so-called security doors, notification will be sufficient at said security door. A copy of the notification shall be provided to the city clerk and, when possible, posted on the city website and distributed via email. Further,

a list of all streets notified shall be provided to the city clerk to be date stamped and appended to the application record. Press releases and other media type notifications are encouraged.

In the case of a multidiscipline event such as a triathlon, the harbormaster or his/her designee may likewise stop, terminate or suspend the swimming portion for cause.

(8) *Event and traffic security.* The city marshal, fire chief, DPS director or in the case of a triathlon, the harbormaster can require special duty personnel to assist in the organizing and coordinating the safety and security of the event. All special duty assignments will be paid by the event organizers.

(9) *Clean-up.* The event organizers shall be responsible for post event trash collection, removal of signage, directional arrows, advertisements or other promotional material associated with the event.

(11) *Notification of previous event organizers.* To the extent reasonably possible, the city clerk shall notify all event organizers from events held from 2014—2016, inclusive, by a one-time phone, email, or letter of the new application timeline and other requirements.

(12) *Simplification.* Departments are encouraged to unify their respective applications into a singular application, managed and distributed by the city clerk's office.

(13) *Americans with Disabilities Act.* Event organizers are reminded of the importance of and expectation of adherence to the Americans with Disabilities Act of 1990 (42 U.S.C § 12101) and subsequent applicable amendments.

(e) *Enforcement.*

(1) *Regulations.* Consistent with this section, the city shall promulgate regulations to enforce and otherwise implement the provisions of this section upon passage by the city council. Any event previously approved by city council shall be deemed permitted.

(2) *Warning.* In the circumstance that this section is violated, the enforcement may consist of a warning. Any warnings issued for violation(s) will be reported to the city clerk and city council and may be used as a factor in future application approvals and denials.

(3) *Noncriminal disposition.* If the city determines that a violation has occurred in which a noncriminal violation is issued, the named event organizer shall be penalized by a non-criminal disposition as provided in Massachusetts General Law as adopted by the City of Newburyport as a general ordinance in section 1-17 of chapter 1 of the Code or Ordinances of the City of Newburyport in the amounts set herein in subsection (e)(4) below.

(4) *Violation.* The non-criminal violation shall be one hundred dollars (\$100.00) for the first offense and two hundred fifty dollars (\$250.00) for second and subsequent offenses. Any non-criminal citations issued for violation(s) will be reported to the city clerk and city council and shall be used as a factor in future application approvals and denials.

(5) *Failure to notify.* If the event fails to notify residents and provide documentation to the city clerk, pursuant to subsection (d)(5) above, shall render that organization ineligible to receive an event permit for a period of twelve (12) months unless special leave is granted by two-thirds supervote of the city council.

I fully understand and agree to all the terms set forth in this application. The information that I have provided is truthful and accurate. I accept all responsibility related to this event.

The city clerk, upon review of the completed form, will place the application on the next regular city council agenda, even if such submission is a late file. Upon following the procedures of the council, as deemed appropriated in the sole judgment of the council, the application will be considered approved if the council votes favorably by majority. The application shall name one (1) person responsible on the application and shall provide contact information to include name, address, email address, and telephone number.

(2) *Exemptions.* Each event organizer or organization shall comply with this ordinance and no exemptions will be permitted.

(3) *Course map.* All applications shall be accompanied by a legible, precise course map showing the event route, water stops, refreshment stops, and so-called "port-a-potties". The course map shall also include any road closures, detours and parking areas. The course map shall be approved by police, fire, department of public services, parks commission and harbor masters departments prior to submission to the city clerk.

(4) *Electronic amplifier.* Electronic amplifiers, loudspeakers and bullhorn use shall be requested at time of application. (5) *Road closure.* No ways, public or private, boat ramps or parking lots controlled or patrolled by the city shall be closed without authorization. Authorization shall be considered granted only if said closure(s) are contained in the approved permit. It is the sole responsibility of the race organizers to notify residents fourteen (14) days in advance that neighborhood roads will be closed if no alternate route is available to those residents. Notification shall be made by race organizers by informational packet drop-off at all residences that may be impacted, including, but not limited to, road closures, restricted driveway access, parking restrictions, or noise. In the case of multi-family residences with so-called security doors, notification will be sufficient at said security door. A copy of the notification shall be provided to the city clerk and, when possible, posted on the city website and distributed via email. Further,

a list of all streets notified shall be provided to the city clerk to be date stamped and appended to the application record. Press releases and other media type notifications are encouraged.

In the case of a multidiscipline event such as a triathlon, the harbormaster or his/her designee may likewise stop, terminate or suspend the swimming portion for cause.

(8) *Event and traffic security.* The city marshal, fire chief, DPS director or in the case of a triathlon, the harbormaster can require special duty personnel to assist in the organizing and coordinating the safety and security of the event. (12) *Simplification.* Departments are encouraged to unify their respective applications into a singular application, managed and distributed by the city clerk's office.

(13) *Americans with Disabilities Act.* Event organizers are reminded of the importance of and expectation of adherence to the Americans with Disabilities Act of 1990 (42 U.S.C § 12101) and subsequent applicable amendments.

(e) *Enforcement.*

(3) *Noncriminal disposition.* If the city determines that a violation has occurred in which a noncriminal violation is issued, the named event organizer shall be penalized by a non-criminal disposition as provided in Massachusetts General Law as adopted by the City of Newburyport as a general ordinance in section 1-17 of chapter 1 of the Code or Ordinances of the City of Newburyport in the amounts set herein in subsection (e)(4) below.

(4) *Violation.* The non-criminal violation shall be one hundred dollars (\$100.00) for the first offense and two hundred fifty dollars (\$250.00) for second and subsequent offenses. Any non-criminal citations issued for violation(s) will be reported to the city clerk and city council and shall be used as a factor in future application approvals and denials.

(5) *Failure to notify.* If the event fails to notify residents and provide documentation to the city clerk, pursuant to subsection (d)(5) above, shall render that organization ineligible to receive an event permit for a period of twelve (12) months unless special leave is granted by two-thirds supervote of the city council.

I fully understand and agree to all the terms set forth in this application. The information that I have provided is truthful and accurate. I accept all responsibility related to this event.

“Unlike a traditional timeline with rigid dates and check-ins, the cone always moves forward.

As you gain data and evidence and as you make progress on your actions, the beginning of the cone and your tactical category is always reset in the present day.

The result, ideally, is a flexible organization that is positioned to continually iterate and respond to external developments.”

Budget Background

With a 38.6 million dollar budget, here is how we allocate our resources...

NPS enrollment is staying steady

Annual Funding Sources

- **City Allocation**
 - **School Choice** (annual fees paid by towns who have students attending NPS)
 - **Circuit Breaker** (MA state reimbursement for high-need special education student costs)
 - **Entitlement Grants** (non competitive grants that all districts are entitled to based on student demographics)
 - **Revolving Accounts** (fees: athletic, transportation, kindergarten, preschool)
-

Elementary and Secondary Education Emergency Relief (ESSER II)

These funds are designated to help school districts:

- (1) safely reopen (e.g., air purifiers, medical supplies, modification of classrooms, creation of nursing spaces)
- (2) measure and effectively address significant learning needs (e.g., staff, programs, and materials)

ESSER II expires this year. The FY23 budget includes planning for expenses we are covering with ESSER II that we will still need in FY23.

ESSER III

ESSER III funding supports: safe reopening, sustaining safe operations, and meeting academic, social, emotional, and mental health needs resulting from the COVID-19 pandemic.

Year one funds will:

- Allow us to continue staffing, technology, and other initiatives currently funded by ESSER II
 - Support the first year costs of transitioning to tuition-free kindergarten
 - Build instructional and operational capacity to address COVID-related learning concerns (e.g. staffing, curriculum resources, professional development, student support services)
-

What funding do we need to maintain our current level of programming and services?

Why Funds Are Available:

The Massachusetts Department of Revenue certified Free Cash for FY2022 at \$2,684,068. These funds are available for any legal expenditure with the approval of the Mayor and a vote of the City Council. Balance reflects all transfer requests previously submitted.

Account Number:	<u>01111002-53002</u>	Category:	<u>\$ 2,113.31</u>

Amount:	<u>\$6,500.00</u>	Trans I/O:	<u>\$ -</u>

Why Funds Are Needed:

The City Clerk recommends the purchase of 7 poll pads to use at the polling places for check-in; these supplement the 7 existing poll pads that were used this past municipal election. This would allow 2 poll pads to be assigned to each election district, which the City Clerk believes is necessary to efficiently check-in voters during a state or federal election with typically higher turnout. The estimated cost is \$10,700; there is an estimated available balance of \$4,200 in this line item, therefore an additional \$6,500 is requested.

Account Name:	Solid Waste Revolving Fund	Balance:	\$ 265,647.35
Account Number:	2843-59600	Category:	\$ -
Amount:	\$35,000.00	Trans I/O:	\$ -

Why Funds Are Available:

Fund consists of fees collected for use of the yard waste facility, charges for disposal of household hazardous waste, bulk item/mattress disposal fees and recycling fees. Used to pay expenses associated with operating the yard waste facility and recycling center on Colby Farm Lane, chipper service, disposal of hazardous waste, as well as, disposal of bulk items/mattresses.

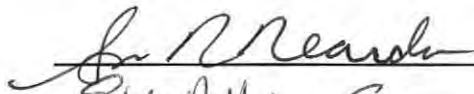

Transfer To:

Account Name:	Pick-Up Truck Purchase	Balance:	\$ -
Account Number:	New CIP account	Category:	\$ -
Amount:	\$35,000.00	Trans I/O:	\$ -

Why Funds Are Needed:

The department purchased a used 2009 Chevy Silverado 2-wheel drive truck for the Recycling Center in March 2017 (five years ago). It now has a cracked frame and is a safety hazard. As such, the City mechanic recommends that it be taken off the road and replaced as soon as possible. Unfortunately this truck was not previously identified in the capital improvement program as the department was hoping it had more years left. The truck is used by the department regularly 3 days per week to transport recycled items and more frequently during the summer; when it is not being used, it will be available for use by other departments, including the Parks Department to empty the City's dog waste receptacles, which occurs at least 2 days per week. The estimated cost to replace the truck is \$35,000; any remaining funds following the purchase will close back to the Solid Waste revolving fund.

Subject: FY2022 Mid-Year Budget Report

Attached is the FY2022 Mid-Year Budget Report that includes a summary of budget expenditures for the period of July 1, 2021 through December 31, 2021. The report covers expenditures within the General Fund and the Water, Sewer, and Harbormaster Enterprise Funds. Also included is an update on the City's revenue collections.

FY2022 Mid-Year Expenditures

Mid-year expenditures were at 47.4% of budget for the General Fund, 59.0% for the Water Enterprise Fund, 56.5% for the Sewer Enterprise Fund and 53.5% for the Harbormaster Enterprise Fund. It is typical that expenditure levels are not exactly 50% at mid-year as major expenditures occur during various times of the year depending on the department or cost center. Below is a summary of the mid-year expenditures by fund, which is broken out in greater detail in the reports that follow.

	REVISED BUDGET	YTD EXPENDED	REMAINING BUDGET	% USED
001 GENERAL FUND	\$75,066,632	\$35,583,209	\$39,483,422	47.4%
060 WATER ENTERPRISE FUND	\$5,751,985	\$3,392,047	\$2,359,938	59.0%
061 SEWER ENTERPRISE FUND	\$7,898,758	\$4,465,019	\$3,433,739	56.5%
6520 HARBORMASTER ENTERPRISE FUND	\$522,232	\$279,577	\$242,655	53.5%
TOTAL BUDGETARY FUNDS	\$89,239,607	\$43,719,853	\$45,519,754	49.0%

While most department/cost centers show expenses below or near 50% of appropriations, those that were higher than 60% included:

- **General Administration (76.1%)**: The largest part of this cost center are municipal insurance premiums, which are paid at the start of the fiscal year.

- **Human Resources (61.0%):** A large component of this cost center are workers' compensation insurance premiums, which are paid at the start of the fiscal year.

Additional funding may be required in some accounts, such as snow and ice, legal services and overtime, due to the unpredictability of those line items. In accordance with state law, the City is allowed to exceed the budgetary appropriation for snow and ice removal as it is a matter of public safety. However, any deficit must be removed prior to year-end through the use of reserves or other available funds. If the deficit is not removed prior to year-end, then the shortage must be made-up in the next fiscal year's tax rate. In past years, Free Cash has been the primary source of funding to cover snow and ice, as well as, overtime deficits.

Revenue:

- Mid-year revenue was at 48.3% of the FY22 estimate for the General Fund, 52.6% for the Water Ent. Fund, 54.6% for the Sewer Ent. Fund and 65.9% for the Harbormaster Ent. Fund.
- Personal Property Tax collections were down 3.3%; primarily driven by pandemic-related abatements for businesses that were closed in calendar year 2020. Higher collections are anticipated in the 2nd half of the fiscal year due to 2 new state directives taking effect, which change how assessors classify second homes and the methodology for assessing utility companies.
- Meals Excise Tax collections were up 37.9% and Room Occupancy Excise Tax collections were up 94.0% returning closer to pre-pandemic levels. Note that actual receipts included some prior year activity due to extended filing and payment deadlines put in place by the Department of Revenue.
- Penalties & Interest were down 17.5% due to fewer penalties and interest owed, predominantly on motor vehicle excise tax bills and accounts in tax title.
- Fee collections were down 37.6% due to lower tax title receipts (First half tax title revenue for the past three years: FY20 \$86,617, FY21 \$101,383, FY22 \$29,726).
- Licenses & Permits were up 69.7%; this is primarily driven by the building permit fees for a development at 3 Boston Way that were paid in October 2021 totaling \$240,000. Backing that payment out, receipts were up 12.2% compared to the first six months of the prior year. Collections in this category have not returned to pre-pandemic levels due to the continued suspension of Licensing Commission fees, which generate approximately \$195,000 in annual revenue for the General Fund.
- Medicaid reimbursements were up 69.2% due to prior year reimbursement requests that were submitted by the school district earlier in the fiscal year.
- The Water Fund was down 7.8% and the Sewer Fund was down 6.6% returning closer to pre-pandemic usage levels. At this time last year, the Water and Sewer Funds were up 11.7% and 11.5%, respectively, due to consumers staying home resulting in greater usage.
- The Harbormaster Fund was down 12.6% returning closer to pre-pandemic levels. At this time last year, Harbormaster receipts were up 50.0% due to a change in fee schedule and higher than normal boating activity.

Why Funds Are Needed:

Drought conditions and wind events in recent years continue to have a negative impact on our urban tree population. We are finding more and more dead or unhealthy trees that pose a hazard to public safety than we anticipated. Our crew has dealt with many trees internally, and DPS has assisted when they could, but in many cases we are forced to call in a tree contractor to address the problems sufficiently in a timely manner. This line item is currently running a deficit and additional funding is needed for tree maintenance and emergency removals through the end of the fiscal year.
