Subject: FW: MGL c. 139, s. 1 -- Public Hearing re 107 State Street rescheduled to Monday, October 25

As requested, these are the following tasks the DPS has been doing at the vacant gas station at 107 State Street:

1. Maintaining lawn on island at the corner of State and High Streets
2. Remove plastic waste receptacles that were on the island of the old pumps. Residents were dumping dog waste and trash in the barrels which were over flowing.
3. Remove snow on sidewalks from the property line on State St to High St.
4. Monitor for illegal dumping. (trash bags etc.)

Tony
