Newburyport, MA 01950

Dear Dave,

This letter is to formally inform you and other interested parties that the Newburyport Fire Department has approved a temporary landing zone (LZ) for medical transporting helicopters at the southern-most end of Perry Way. This cul-de-sac will be prepped for a LZ and signage will be installed indicating that the area is closed to parking or other uses.

Medflight has inspected the area and test-landed there to ensure that the area will work.

Please advise if there are further questions or concerns.

Sincerely,

Christopher J. LeClaire, CFO
Chief of Department
