I am writing to you in opposition to the development proposed for 22-24 Olive Street and ask that you deny this application.

While I am in support of renovations at this property, I am against further development of the properties current open space. The neighborhood is very dense as is and I do not believe the proposed additions are befitting of the current neighborhood.

I am not an immediate neighbor as Buck Street is around the corner but I do feel 'continued infill' is a topic that we all share as neighbors. I believe approving this application sets a bad precedent for potential development of any backyard in the future.

Thank you for your consideration.

Sincerely,

Adam Armstrong
