Newburyport Zoning Board Members:

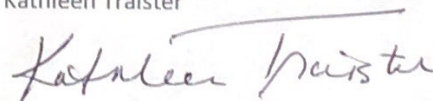

We are writing to express our full support for the new home plans at 30 Howard St. This property directly abuts our property. The project will definitely improve safety, health and aesthetics of the neighborhood. We look forward to the improvement to our abutting property.

Respectfully,

Richard Traister

RE: Special Permit 30 Howard Street

Dear Chairman and Members of the Zoning Board;

I have been provided with plans for removing the existing structure from the property and replacing it with a new home. The proposed new home is not inconsistent with other newer homes in the area. I have no objection to the proposed project and believe the proposal will certainly not be substantially more detrimental to the neighborhood.

Sincerely,

Christina Manning
