RE: 311 Merrimac Street

Dear Chair and Members of the Commission;

I am an abutter to the property noted above. I have been provided with plans showing the removal of several areas of the exterior walls, including the rear porch, as well as renovations and construction of small additions on the rear westerly side of the Structure. I do not believe the plans will be detrimental to the neighborhood.

I am not in opposition to the project.

Sincerely,

A handwritten signature in cursive script that reads "Joshua Faigen".
