*external e-mail use caution opening*

Hi Katelyn & Jamie.

I stopped by the house and recommend 3 Okame cherry trees spread evenly across the front of the house. There is a long stretch with no trees on that side of the house so these small, flowering trees will add a lot to the area. I was able to talk with 2 neighbors and they support the plan as well.

The sidewalk is cement in reasonable condition.

Thanks,

Connie

Hi Jamie and Connie-

A full rehab and addition project at 32 Forrester Street will most likely trigger the tree and sidewalk ordinance. The developers do not have final construction costs numbers yet. Can you please send me your recommendations? There is an existing sidewalk.

Thank you,  
Katelyn
