Hi Katelyn,

I stopped by 490 Merrimac today and here are my thoughts:

1. The sidewalk is brand new asphalt due to the Merrimac St project. Jamie – you can decide if you want the developer to upgrade to cement or brick. The site includes a brand new cement cross walk to the east end of Christie Dr as well.
2. The site has room for 3 trees. The trees must be small due to the presence of overhead wires and the planting strip is very narrow. I would suggest 3 Columnar Sargent Cherries (*Prunus sargentii*) evenly spaced across the front.

Let me know if you have any questions.

Best,
Connie

Hi Connie and Jamie-

A project going to the ZBA for approval triggers the Tree and Sidewalk Ordinance at 490 Merrimac Street. Can you please send me your recommendations?

Thank you,
Katelyn
