Hi Dianne,

Please see below for my letter to the Fruit Street Historic District Commission. Please let me know that you have received this. Many thanks for your help.

RE: Application filed by James Lagoulis for 14 Fruit Street

Dear Fruit Street Historic District Commission,

I oppose the request by Mr. James Lagoulis to remove the trellis at 14 Fruit Street without a statement of proposal for replacement for review. Without such, it seems the application is incomplete.

Removing the trellis will alter the historic streetscape and a proposal to replace the trellis should be included for the Fruit Street Historic District Commission to review before approving any removal or alterations.

Sincerely,

Melinda K. Cheston
