Dear Zoning Board of Appeals:

This letter is to affirm support for Brendon and Krystina Johnson's variance request to add an addition to their home. After communication with Brendon and Krystina Johnson we support the proposal of building a legal and permitted addition at their home- 65 Curzon Mill Road. Our house is located at 64 Curzon Mill Road which is northeast of their front yard. As neighborhood residents, we are invested in seeing updates to surrounding properties that beautify and maintain the charm of the Cherry Hill neighborhood.

We have no problems or issues with the addition location as their neighbors directly adjacent to the east, in fact, find it a wonderful addition to the property.

Brendon and Krystina are responsible property owners and wonderful neighbors and have demonstrated their ability to make tangible contributions to their property and the Cherry Hill neighborhood.

Thank you for your time and consideration,

*Kenneth Suprin*
