Goals

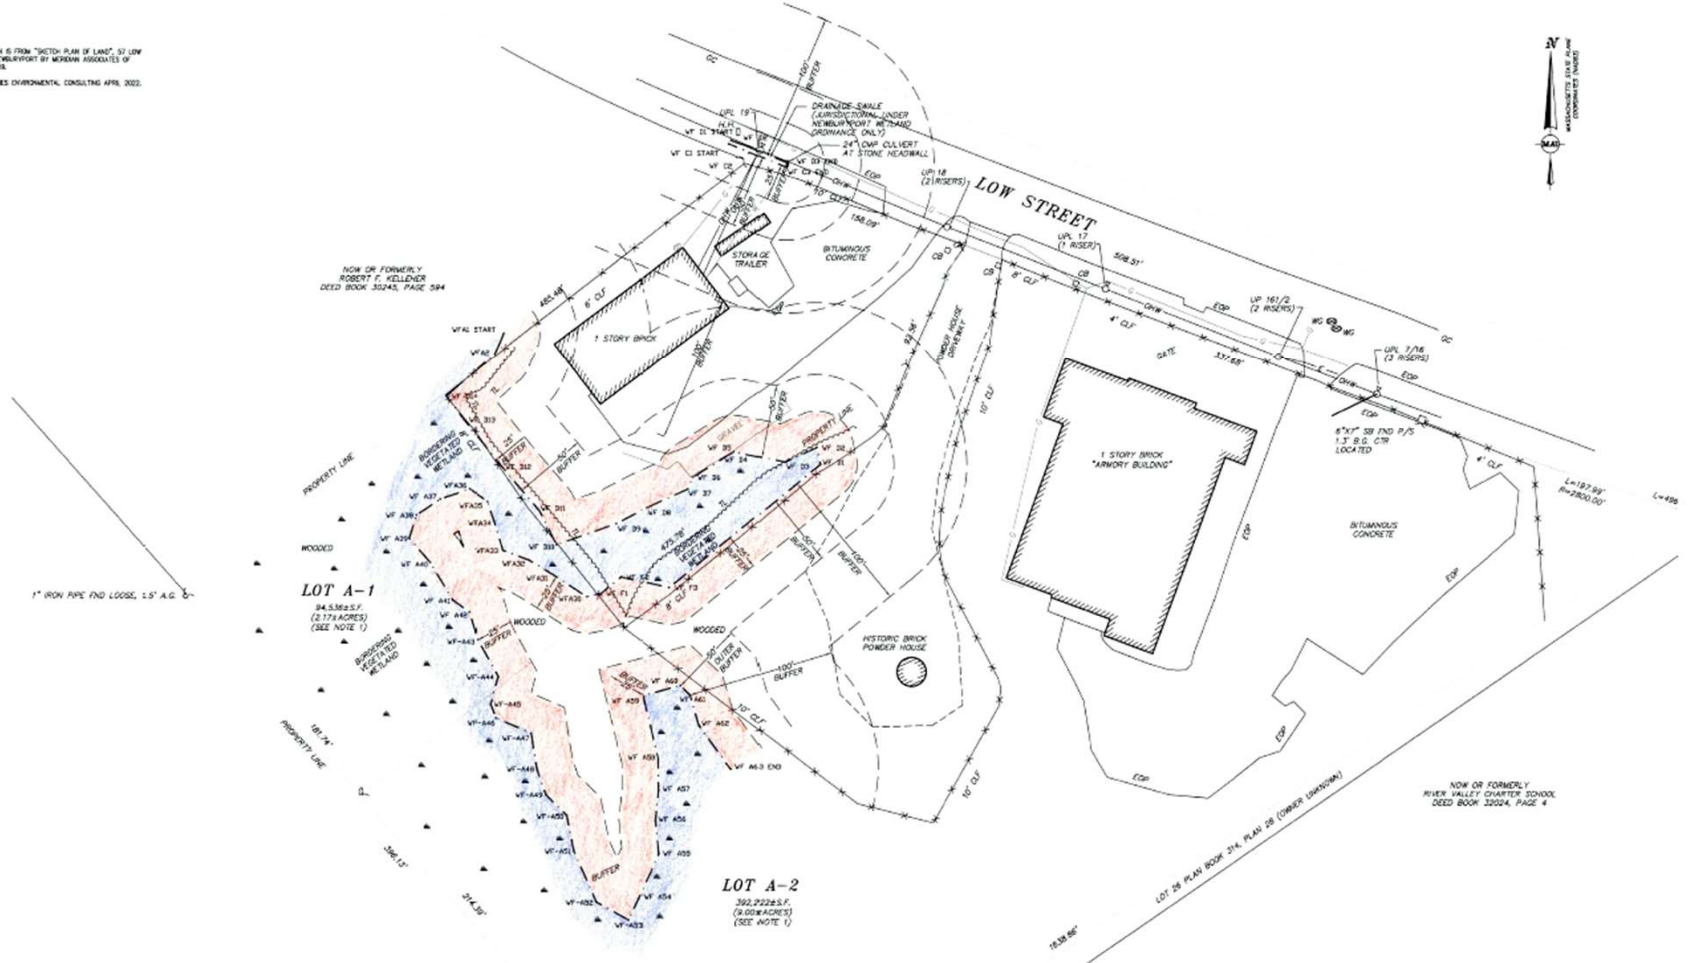

- Major objective in Mayor's Strategic Plan is to provide high quality public services that serve children and families with educational and youth services programming
- Also to invest in medium to long-term capital assets to meet the City's needs
- Shared goal of Newburyport residents to support our youth and find a home for NYS

Process

- March 2022: Administration presented a 'proof plan' to City Council showing components of a new buildout fitting within the constraints of the site (wetlands, zoning/parking, stormwater/soil test pits)
- April-May 2022: wetlands were flagged and RDA approved with Conservation Commission to set lines for 3 years
- April-September 2022: EGA Architects hired to perform conceptual design for property, several meetings with EGA, NYS and MSP to design site/floorplans and review cost estimates
